IMPORTANT TO STUDENT: (Please read carefully before signing)

I am aware that as a licensed teacher, I do not need to meet the requirements for admission to Professional Education that are established for first-time teachers. If I change or add an additional licensure area, I am aware that I must re-apply for admission to Professional Education by filling out another Application form for Licensed Teachers and obtain the appropriate signatures. I also understand that if I interrupt my program for four (4) or more consecutive semesters, I must also re-apply for admission to Professional Education by filling out another application and obtain the appropriate signatures.

The College of Education and Professional Studies at UW-W may require content not required by the Department of Public Instruction. To receive UW-W's institutional endorsement, I realize that I must complete all UW-W requirements for the licensure area I am seeking.

I verify that I have not omitted or falsified information.
