Certificate in Community Counseling

The Graduate Certificate in Community Counseling is designed for individuals who have a Master's degree in counseling from a CACREP (Council on Accreditation of Counseling and Related Educational Programs) accredited institution (or equivalent) in an emphasis other than community counseling. If this requirement has not been met, additional course work, or the MS Counseling program, may be required.

CERTIFICATE IN COMMUNITY COUNSELING:

Courses would be taken sequentially to address the development of counseling services relative to a community setting. The internship will be one or two semesters depending on the needs of the student, as determined by Counselor Education faculty. Students having had a year-long internship in their masters program and having had sufficient counseling experience with mental health populations will only be required to participate in a one semester Internship.

The Certificate Program requires completion of the following courses in sequence:

- COUNSED 728 CLINICAL STUDIES IN COUNSELING
- COUNSED 731 INTRODUCTION TO MARRIAGE AND FAMILY COUNSELING
- COUNSED 734 FAMILIES: ASSESSMENT AND TREATMENT OF ABUSIVE BEHAVIORS
- COUNSED 746 COUNSELING AND THE CHEMICAL DEPENDENCY PROCESS
- COUNSED 795 INTERNSHIP
