Mission Statement

The Office of Academic Assessment provides information, guidance and support to facilitate assessment that is meaningful, useful, and efficient with the ultimate goal of continuous improvement of student learning.

Goals

- Assist with the assessment of student learning at course, program, college and campus levels. We help units:
  - Define learning outcomes and align them with our campus (LEAP) essential learning outcomes
  - Design assessment plans
  - Develop assessment tools and scoring rubrics
  - Close the loop: Link data with action
- Disseminate and support campus recommendations for direction and focus of campus-level assessment
- Promote best practices in assessment
- Foster faculty and staff development of assessment knowledge and skills
- Provide information, resources, feedback, and suggestions about assessment data collection, interpretation, and use
- Assist units in meeting accountability needs at the campus, college, and program levels
