

INSTITUTION: UW-Whitewater
SCHOOL OR COLLEGE: College of Letters and Sciences
MAJOR: Biology
EMPHASIS: General; Cell/Physiology; Ecology/Field; Marine Biology (in conjunction with Deakin University, Australia); Biotechnology; Pre-Professional; Secondary Certification Available - see also Education

1. APPLICATION PROCEDURE

UW System application is required for admission to the university, along with high school and all college transcripts, application fee (if appropriate).

2. NON-COURSE REQUIREMENTS FOR ENTRANCE INTO BIOLOGY MAJOR

None.

3. COURSE REQUIREMENTS FOR ENTRANCE INTO BIOLOGY MAJOR

None. However, students who wish to major in Biology should take the following introductory courses at MATC during the first and second year:

806-215	Botany
806-203	Animal Biology
806-227	Genetics and Biotechnology
806-209	College Chemistry 1 <i>AND</i>
806-212	College Chemistry 2
804-229	Math Analysis <i>OR</i>
804-231	Calculus and Analytical Geometry 1

MATC students who have earned the Associate of Arts (AA) or the Associate of Science (AS) Degree will have met all university general studies core, breadth and proficiency requirements. Therefore, students should include the courses listed above as part of the Associate Degree Requirements.

4. COURSES REQUIRED FOR ADMISSION NOT IN MATC CURRICULUM

None

5. SPECIAL NOTES

For information on University proficiency, breadth and core requirements, please refer to the transfer guide "[Letters and Sciences - General Information for All Majors.](#)"

An approved minor is required for this program of study.

Students may design a program of study with help of an advisor to meet particular interests and needs.

The Biological Sciences Department has an affiliation agreement with the State Laboratory of Hygiene, UW-Madison, which enables students to complete clinical education in cytotechnology as an emphasis in the

Biology major.

Summer programs are available at the Pigeon Lake Field Station near Drummond in Bayfield County.
