

**INSTITUTION:**  
**SCHOOL OR COLLEGE:**  
**MAJOR:**

UW-Whitewater  
 College of Education and Professional Studies  
 Communication Sciences and Disorders (BA, BS, and BSE degree options)

**1. APPLICATION PROCEDURE**

UW-System application is required for admission to the University, along with official transcripts from high school and all colleges/universities attended, and an application fee (if appropriate). A separate application is not required for admission to the major. Students may declare the Communication Sciences and Disorders major on the application for admission to the University.

**2. COURSE REQUIREMENTS FOR COMMUNICATION SCIENCES AND DISORDERS MAJORS**

**SPECIAL NOTE:** it is strongly recommended that students who wish to major in Communication Sciences and Disorders transfer after the first year study at a UW College since there are courses required for the program typically taken during sophomore year.

The following courses are recommended to be part of the student's first year curriculum:

College Writing and Critical Reading	ENG 101 (or exemption)
Critical Writing, Reading, and Research	ENG 102
Introduction to Public Speaking	CTA 103
Introduction to College Algebra/ College Algebra	MAT 105 or 110 - only one is required (or exemption)
Concepts of Biology	BIO 101 (formerly 109) (fulfills laboratory science general education requirement)
Physical Science	Choose from courses in Astronomy, Chemistry, Geology, Physics, or one of the following select courses: GEO 120, GEO 123, GEO 124, GEO 125, or MLG 100. *PHY 120 (with lab, 4 credits) is strongly recommended.
Introductory Psychology	PSY 201 or 202 (*Prerequisite for PSY 210 and EDU 300)
Elementary Statistics, OR Statistical Methods in Psychology	MAT 117 PSY 210
The Exceptional Individual Education in a Pluralistic Society	EDU 300 EDU 220 (fulfills both a major and general education diversity requirement)

### 3. SPECIAL NOTES

- For state licensure and national certification as a Speech-Language Pathologist, students must complete an approved Master's degree in Communication Sciences and Disorders. Completion of the Bachelor's degree at UW-Whitewater does not guarantee admission to the Master's program.
- Students have a choice of Bachelor's degree options in this major. The Bachelor of Science (BS) or Bachelor of Arts (BA) degrees are intended for students who wish to become Speech-Language Pathologists working in healthcare systems (i.e. hospitals, nursing homes, clinics, etc). The Bachelor of Science in Education (BSE) degree is intended for students that wish to work in a school setting, but can also be used in the setting listed with the BA/BS.
