They are also required to take MUSC 177 Class Voice in addition to three terms of MUSC 127 and three terms of MUSC 327 (non-Primary Applied Voice) to satisfy this requirement. With permission of the voice faculty, MUSC 127 may be substituted for Class Voice.

General Degree Notes

You must begin your Math and English sequences with the appropriate course. The English course you start with will be determined by your ACT/SAT score. The Math course you start with will be determined by your math placement score. Please refer to your Academic Advising Report and adjust the plan accordingly. All students must complete a minimum of 120 credits including:

- 1) At least 32 units of general education, including specific Gen Ed core courses, as well as approved math and science, physical education, and elective courses. Your general education electives must come from the following categories: GA, GS, GH, GE, or GI.
- 2) All requirements for one of the degree plans listed below.
- 3) All requirements for the major and minor (if required).

Transfer students may have different general education requirements than those listed. Refer to your Advising Report for requirements specific to you.

General Education Requirements and Electives for Music Education Majors

While advisors can assist you with the process, it is the responsibility of students to check and understand their Academic Advising Report (AAR) on WINS. Music Education Majors are subject to four types of General Education requirements: University (AAR, section IV.), Diversity (V.) College (VI.), and PI34 (VII. – PI34 requirements are those subject areas mandated by the State of Wisconsin for licensure.) One of the courses you'll take for Licensure (EDFOUND 243) also fulfills the Diversity requirement, and the following checklist is designed to allow you to fill the other requirements in the most efficient way possible. Note that many General Education courses and Electives are offered during Winterim and Summer terms. The "preblock" courses are also offered in the Summer. It is possible to save at least a semester by fulfilling these requirements outside of Fall and Spring semesters. Credits gained from ACT test scores and High School AP testing and coursework may also be applied to these requirements.
