* Placement in Class Piano or Non-Primary Applied Piano (MUSC 128 = private lessons) is determined at the audition. Students may waive all or part this requirement if they pass the Piano Proficiency Exam.

** The ensemble requirement may be fulfilled by participation in seven terms of large ensembles (MUSC 171), or six terms of large ensembles and two terms of small ensembles. Small ensembles include MUSC 279 and MUSC 271 and opera or musical theatre productions, MUSC 272.

† MUSC 338 and MUSC 451 are generally offered on alternating years. Note that passing the Piano Proficiency Exam is a prerequisite for MUSC 451.

Note to students whose primary instrument is piano: The Class Piano requirement is waived for these students and they take MUSC 180/280/380/240 in lieu of 170/270/370/470. They are, however, required to take Non-Primary Applied Vocal Study (4 semesters MUSC 127 + 3 semesters MUSC 327).

General Degree Notes

You must begin your Math and English sequences with the appropriate course. The English course you start with will be determined by your ACT/SAT score. The Math course you start with will be determined by your math placement score. Please refer to your Academic Advising Report and adjust the plan accordingly. All students must complete a minimum of 120 credits including:

- 1) At least 32 units of general education, including specific Gen Ed core courses, as well as approved math and science, physical education, and elective courses. Your general education electives must come from the following categories: GA, GS, GH, GE, or GI.
- 2) All requirements for one of the degree plans listed below.
- 3) All requirements for the major and minor (if required).

Transfer students may have different general education requirements than those listed. Refer to your Advising Report for requirements specific to you.

General Education Requirements and Electives for Music Education Majors

While advisors can assist you with the process, it is the responsibility of students to check and understand their Academic Advising Report (AAR) on WINS. Music Education Majors are subject to four types of General Education requirements: University (AAR, section IV.), Diversity (V.) College (VI.), and PI34 (VII. – PI34 requirements are those subject areas mandated by the State of Wisconsin for licensure.) One of the courses you'll take for Licensure (EDFOUND 243) also fulfills the Diversity requirement, and the following checklist is designed to allow you to fill the other requirements in the most efficient way possible. Note that many General Education courses and Electives are offered during Winterim and Summer terms. The "preblock" courses are also offered in the Summer. It is possible to save at least a semester by fulfilling these requirements outside of Fall and Spring semesters. Credits gained from ACT test scores and High School AP testing and coursework may also be applied to these requirements. See pp.33-37 of the Undergraduate Catalog for a full list of General Education courses.
