Major Planning sheets are sample programs which illustrate the type of curriculum a student will take to complete the degree in 4 years. A minimum of 120 credits is required for graduation.

*You need to begin your Math and English sequences with the appropriate course. Your ACT/SAT scores determine which course is appropriate for you. Refer to your AR for this information and then adjust this schedule accordingly.

**To graduate, you must complete at least 32 units of general education, including GENED 390 World of Ideas, which you cannot take until you have earned at least 60 units. Your general education electives must come from the following categories: GA, GS, GH, GE, or GI.

*** The Bachelor of Arts degree in Letters and Sciences requires one year of college level foreign language or waiver (waivers for French German, and Spanish are determined by scores on the UW-System placement tests). If waivers are granted, the units for language classes will need to be replaced with elective courses.

Courses in **Bold** indicate specific courses that must be completed for the major. Other courses such as Gened Courses or major/minor electives can be selected from a number of course choices.
