

**COLLEGE OF LETTERS AND SCIENCES Major Planning Guide  
SOCIOLOGY, Global-Comparative Emphasis, Bachelor of Science**

The Major Planning Guide is a sample program which illustrates the type of curriculum a new freshman will take to complete the degree in 4 years; it is not an official document. Refer to the Academic Advising Report (AAR) for full requirements. Sample Advising Reports are available on-line <http://www.uww.edu/registrar/sample-aars-and-ars/sample-aars-undergraduate>

All students must complete a minimum of 120 credits including:

- 1) At least 32 units of general education, including specific Gen Ed core courses, as well as approved math and science, physical education, and elective courses. Your general education electives must come from the following categories: GA, GS, GH, GE, or GI.
- 2) All requirements for the BA or BS Degree.
- 3) All requirements for the major and minor (if required).

\* Test scores determine placement into Math and English courses. Refer to your AAR for this information and then adjust this schedule accordingly. The Planning Guide begins with the most common placement for this major.

\*\* The Bachelor of Science requires two lab sciences **and** 5 credits of advanced math or two 3 credit courses chosen from advanced math, statistics or computer science. This Planning sheet will use courses in math statistics and computer applications for the math requirement.

† These group courses may be taken in any order.

Courses in **Bold** indicate specific courses that must be completed for the major. Other courses such as Gened Courses or major/minor electives can be selected from a number of course choices. NOTE: This major does not require a minor.
