

SAMPLE Four Year Plan | Bachelor of Science in Education- Broadfield Social Studies Education

The curriculum in the College of Education and Professional Studies is structured so that students move through classes in a prescribed order. Prerequisites are important and are strongly enforced. The four year plan illustrates the type of curriculum a new freshman could take to complete a degree in four years; it is not an official document. Refer to Academic Advising Report for full requirements.

Courses in red require Admission to Professional Studies. You will not be allowed to register for these courses without applying, and being admitted to the College of Education and Professional Studies. Courses denoted with a * are only offered in the semesters listed.

Fourth Year Advising Notes: Apply for graduation online through the Registrar's Office one full semester before you anticipate graduating. Complete all required testing.

Goals: Work with the Career Service Office to perfect your resume and cover letter. Attend networking events, career fairs, and employer information meetings. Read professional journals and consider a student membership in a professional organization.

Students must begin their Math and English sequences with the appropriate course. The English course a student starts with will be determined by their ACT English or SAT Verbal score. The Math course a student starts with will be determined by their UW System math placement score.

Admission to Professional Studies is required for students to take upper division courses in their educator preparation program. Eligibility requirements can be found at: <http://www.uww.edu/coeps/advising-admissions/admission-to-professional-education>

The Broadfield Social Studies Bachelor of Science in Education (BSE) program leads to two licenses to teach at the Wisconsin Department of Public Instruction Early Adolescence through Adolescence developmental level (approximately ages 10-21 or grades 6-12):

1. Broadfield Social Studies licensure allows individuals to teach any social studies content courses in grades 6-10 as well as any social studies content courses required by a school or district for graduation in grades 11-12.

2. Students pursuing this program must select a social studies area of emphasis (Economics, Geography, History, Political Science, Psychology, or Sociology) and program completers will be endorsed to teach courses in their area of emphasis in grades 6-12 (including upper level electives, Advanced Placement, or International Baccalaureate courses in that emphasis area).

Students will be required to pass additional assessments prior to student teaching and licensure.
