

# 2016 Annual Report on Educator Preparation Programs

In 2011, The Wisconsin State Legislature passed Act 166, which requires the Wisconsin Department of Public Instruction (DPI) to produce an annual report of the State's educator preparation programs (EPP). The report must include information on program completers and their first time passage rates on the required performance assessments.

Additionally, the DPI is including licensure and employment data for individuals completing Wisconsin educator preparation programs. This report uses program completer, Praxis II and ACTFL assessment, licensure and employment data. Future reports will include the Foundations of Reading Test for Wisconsin results, edTPA results by program, and continuous employment trends by graduate cohorts.

## Definitions

**EPP Program Completers** are candidates that have completed an approved educator preparation program (traditional or alternative route) between September 1, 2014, and August 31, 2015, and are eligible for licensure in Wisconsin.

**Licensed in Wisconsin** refers to 2013-2014 EPP Program Completers who received one or more Wisconsin teaching licenses between December 1, 2014, and August 31, 2015, after successfully completing an educator preparation program.

**Note:** Some program completers do not seek Wisconsin licensure because they move to another state or seek employment in a private school. Therefore, these educators may be successfully employed as an educator without a Wisconsin teaching license.

**Employed in Wisconsin** refers to licensed educators that are employed in public schools in Wisconsin during the 2015-2016 school year. These data will not include educators employed out of state or in private schools, because that information is not reported to the DPI.

**Note:** Some Wisconsin licensed educators sought employment in a private school or another state, and therefore would not show up in the public school employment data.

# Licensure and Employment

## Endorsed Candidate for Licensure

When candidates complete all educator preparation program requirements, the program officially endorses those candidates for licensure as a teacher, pupil services professional, or administrator in Wisconsin. These requirements include completing coursework, passing the required tests for licensure, and completing the required student teaching/clinical component.

Candidates who wish to work in a Wisconsin public school must apply for and receive an initial educator license from the DPI. Candidates may also seek licensure in another state or work in private schools (which establish their own rules regarding licensure and staff training requirements).

## Candidates versus Licenses

Program completers may be endorsed for multiple licenses. Consequently, Wisconsin produced 538 more endorsements for licensure (4,836) than program completers (4,298) in 2011-12.

Additionally, candidates may be employed in a public school using one or more of their licenses. For example, an educator might have a social studies and a special education license. That educator might teach social studies, special education or both in a given year.

Multiple licenses create uncertainty when calculating employment rates by license type, since educators might be using some but not all of their licenses in a given year (and which licenses they use can change from year to year).

## WISEstaff Employment and Staff Qualifications Data

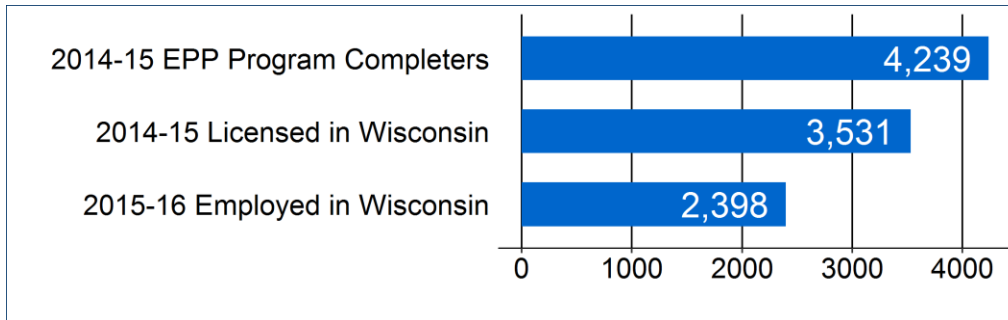

Program completers prepared in Wisconsin educator preparation programs have a variety of employment options available to them. If they seek and obtain a Wisconsin initial educator license, then they can work in a Wisconsin public school.

Additionally, program completers may seek licensure and employment in other states. For example, a significant number of program completers from western Wisconsin seek employment in Minnesota. Similarly, program completers (both licensed and unlicensed) may secure employment in Wisconsin's private schools.

Public and charter school employment data for this report are drawn from school district employment data (WISEstaff data collection) that is submitted annually to DPI by Wisconsin public school districts. Private schools and schools in other states do not provide employment data to DPI. Additionally, because this report focuses on Wisconsin educator preparation programs, it does not include data on educators prepared in other states who are working in a Wisconsin public school.

In 2015, 4,239 candidates completed a Wisconsin educator preparation program.

**Table 1.** Summary of Program Completers in Wisconsin

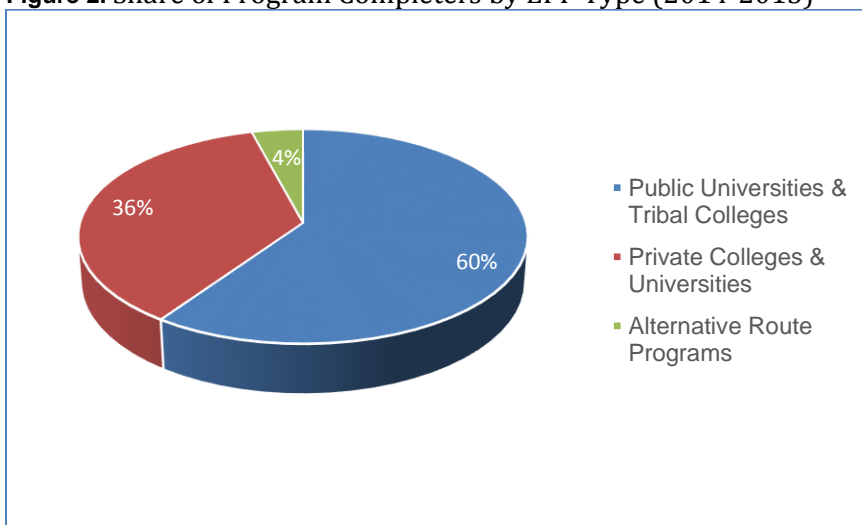

Wisconsin has three types of educator preparation programs: Public Universities & Tribal Colleges (includes UW System campuses); Private Colleges and Universities; and Alternative Route Programs.

Wisconsin Total	EPP Program Completers 2014-2015
Public Universities & Tribal Colleges	2,529
Private Colleges & Universities	1,534
Alternative Route	176
<b>Total</b>	<b>4,239</b>

This chart reports data from Wisconsin Educator Preparation Programs (Endorsed Candidates for Licensure) in the period starting September 1, 2014 to August 31, 2015.

**Figure 2.** Share of Program Completers by EPP Type (2014-2015)

**Note:** Educators can be prepared for multiple licenses, so there are fewer educators than candidates.

**Figure 3. Share of License Endorsements by Type (2014-2015)**

**Table 4. Total License Endorsements Produced by EPP Type (2014-2015)**

Educator Preparation Program (EPP) Type	Total	Elementary/Middle	Special Education	Secondary	CTE	Specialized	Pupil Service	Administrative
Public Universities & Tribal Colleges	3,818	1,119	971	707	76	587	135	223

# Performance Assessments

Per 2011 Wisconsin Act 166, this report includes information on candidates' first-time and overall pass rates on required tests (e.g., Praxis II, ACTFL). Future reports will include scores from the edTPA performance assessment.

Testing data within this report includes candidates who were enrolled in educator preparation programs and took tests between September 1, 2014, and August 31, 2015.

Students are not endorsed candidates for licensure *until* they have passed all required assessments for their licensure/subject area. **As a result, there are more test-takers than program completers, who graduated from an educator preparation program.**

## Praxis II Assessments

The Praxis II Assessment, administered by the Education Testing Services (ETS), is a required assessment for teachers in all subjects (except for world languages – see below) who apply for Wisconsin licensure. A complete listing of Praxis II subject area tests used in Wisconsin can be found on the [ETS website](http://www.ets.org/Praxis/wi/requirements) (<http://www.ets.org/Praxis/wi/requirements>).

All applicants for regular and special education licensure must complete the Elementary Education or Middle School Content assessment, while those seeking licensure in subject areas at the middle and high school level must pass the Praxis II assessment for their subject area.

## ACTFL Language Assessments

Tests from the American Council on the Teaching of Foreign Language (ACTFL) are required for all world language teacher candidates enrolled in Wisconsin educator preparation programs beginning September 2011. The qualifying score for licensure in Wisconsin on ACTFL tests is Intermediate High. To learn more about Wisconsin-approved world language assessments, go to the [LTI Website](http://www.languagetesting.com) (<http://www.languagetesting.com>).

## Wisconsin Foundations of Reading Test

The Wisconsin Foundations of Reading Test (FORT) assesses proficiency in and depth of understanding of the subject of reading and writing development. Applicants for initial licensure as an elementary teacher (grades K-5, EC, EC-MC, MC-EA), a special education teacher, a reading teacher, or reading specialist must receive a passing score on this assessment. Any licensed teacher wanting to add one or more of these areas to their license must also pass the test. For more information, see the Wisconsin Foundations of Reading Test web page from Pearson (<http://www.wi.nesinc.com/Home.aspx>)

**Table 8a.** Praxis II Pass Rates – Statewide (2014-2015)
