MEMORANDUM

Date: January 12, 2010

To: Coordinators of Services for Students with Disabilities

From: April Goodwin, Budget and Policy Analyst, Office of Budget and Planning

Re: Summary Report of Data on Services for Students with Disabilities for Fiscal Year 2008-09

Attached is the Summary Report of Data on Services for Students with Disabilities for fiscal year 2008-09. Thank you for supplying the data that led to its creation.

The information provided shows that the number of enrolled students with disabilities at UW System institutions decreased slightly over the previous year. However, the associated costs have grown by 7% over 2007-08. This reflects a 27% increase in the cost of providing interpreting services to students.

I believe that this report is an accurate summation of the activities and the costs related to providing services to students with disabilities. Thank you again to everyone for your assistance with this report.
