The synthesis and summary of the findings will be disseminated via multiple formats, e.g. poster sessions, conference presentations, journal articles and the sharing of information at professional gatherings. The Action Research study will be a tool for producing artifacts that can be integrated into appropriate professional portfolios to enhance professional development, career mobility of qualification for NBPTS certification.
Prereq: SPECED 700, SPECED 701, SPECED 702, EDFOUND 740 or consent of department chairman.

SPECED 705
Professional Portfolio Development in Special Education 3 u
This course will prepare practicing teachers to develop professional portfolios. Students can select from three
types of portfolios—a Professional Development Portfolio, a Showcase Portfolio, or a portfolio that can be used as part of an application for National Board Certification. The Professional Development Portfolio will assist teachers in meeting the requirements for continuing licensure. A Showcase Portfolio will assist teachers who wish to move into another professional position. The National Board Portfolio is one of the major requirements in achieving National Board Certification. Students will acquire skills in developing and refining artifacts suitable for each type of portfolio. They will learn how to write reflective commentaries, to self-assess their work according to external standards, to acquire skills (e.g. videotaping lessons; developing web pages) that will assist them in producing high quality artifacts representing their best work. Students may take this class up to two times to complete their portfolio.

Prereq: Students seeking the MSE in Special Education, will be expected to have completed the general core, the specialty core, and the professional development core classes. Others may be admitted with the consent of the instructor.

SPECED 706
Vocational Assessment Of Students With Special Needs 3 u
This course examines specific vocational assessment strategies using an ecological approach to in-school data collection. Assessment of occupational interests, aptitude, and learning styles in relationship to IEP development, placement within specific occupational clusters, and successful transition to post-secondary training and/or employment environments is presented.
Prereq: SPECED 406/606.

SPECED 760
Foundations and Characteristics of CD/EBD/LD 3 u
This course addresses the characteristics of students with cognitive disabilities, learning disabilities, and emotional/behavioral disabilities. The purpose of this course is to provide an overview of the theoretical and historical issues related to three high incidence disabilities. Specific application of theory and history will be applied to all three areas looking at characteristics across the life span. Inter-relationships of the characteristics, needs and implication for practice will be explored. Eligibility and models of service delivery will also be examined. Students who are not currently teaching will have to fulfill independent field experience expectations.
Prereq: SPECED 556 or SPECED 564 or SPECED 606 or Consent of instructor.

SPECED 761
Instructional Strategies for the Inclusive Classroom 3 u
This course is designed to help prospective education teachers learn to work effectively with students with mild disabilities. Instructional principles and strategies to provide quality instruction to help students become successful learners will be emphasized. Content emphasis includes models of instruction, and methods for delivery of instruction including lesson planning and unit planning. Students who are not currently teaching will have to fulfill independent field experience expectations.

SPECED 766
Professional Collaborations: Families and Community Agencies 3 u
The purpose of this course is to provide students with theory, general principles, and procedures for fostering collaborative partnerships among families, professionals, students, and other stakeholders that lead to outcomes of individual and mutual empowerment. Students will gain knowledge of interpersonal and collaborative skills that support partnerships between parents and school/community professionals, as well as between school professionals and other community service providers. Information concerning national, state, and local resources for families of children with disabilities will be provided and integrated into class activities. Students who are not currently teaching will have to fulfill independent field experience expectations.

**SPECED 781**  
School-to-Work Transitional Programming 3 u  
This course will examine direct and indirect instructional support strategies which facilitate successful vocational programming of individuals with exceptional educational needs within secondary and post-secondary environments. The Designated Vocational Instructor model and transition methods are emphasized.  
Prereq: SPECED 556 or SPECED 564 or SPECED 606 or Consent of instructor.
