Accounting Degree Program
(Master of Professional Accountancy)

The Master of Professional Accountancy (MPA) degree program is a professional graduate program for individuals who desire to further their accounting knowledge. The MPA program is designed to be fully integrated with a Bachelor of Business Administration (BBA) degree in accounting, yet flexible enough to accommodate a first professional degree program for individuals without a business and/or accounting undergraduate background. Additionally, the MPA program fulfills the 150-hour requirement of the American Institute of Certified Public Accountants (AICPA) to sit for the Uniform CPA Examination.

Each candidate will design a program in consultation with a program advisor that meets their individual needs and the 30 unit minimum program requirement. The curriculum is designed to familiarize students with accounting pronouncements, auditing standards, related laws, and appropriate concepts of ethical behavior. Students will develop competencies relevant to conducting financial statement analysis, systems analysis, cost control, and tax analysis. They will also refine skills relevant to formatting and transmitting accounting information through oral, written, and computer-mediated delivery systems.

Additional Admission Requirements:
1. Completion of the Graduate Management Admission Test (GMAT).
2. A composite score of at least 1000 based upon the formula: (GMAT score) + [200 x (overall undergraduate grade point average)], or a composite score of at least 1050 based upon the formula: (GMAT score) + [200 x (last half undergraduate grade point average)].
3. A Test of English as a Foreign Language (TOEFL) paper score of at least 550, a computer score of at least 213 or the equivalent on another exam for students from countries where English is not the native language.
4. Exceptions to the admission requirements may be made on a case-by-case basis.
5. Due to increasing enrollments, admission may be limited despite fulfillment of the aforementioned entrance requirements.

Additional Program Policies:
1. In order to enrol in 700 level graduate courses offered in the College of Business and Economics, a student must be enrolled in a graduate degree program. A student with Guest status or with Post Master’s status can take 700 level graduate course(s) on a space available basis.

2. Individual Studies (XXX-798) and/or Readings and Research (XXX-789) may not be used as electives but may be used to satisfy up to 3 units in the Emphasis. A copy of the proposal must be on file in the Coordinator’s Office prior to registration. The student should initiate these requests with the instructor.

3. Courses in the Common Body of Knowledge should be taken at the beginning of the program. Program and course prerequisites will be enforced. Failure to comply may result in the student being dropped from the course.

4. Students who are dropped from the program for academic reasons or who fail to meet the admission requirements are not eligible to pursue further graduate business courses in the M.B.A., M.P.A., or M.S.-Computer Information Systems Programs in the College of Business and Economics.

5. The maximum course load is 15 graduate units during fall and spring semesters and 12 units during the summer term.

6. Business related course work taken in an applicant’s undergraduate program where the applicant has graduated more than five years prior to the date of admission to Graduate School may not be considered as satisfactory in meeting Common Body of Knowledge requirements.

7. Candidates who have not enrolled in a graduate course at UW-Whitewater within two consecutive terms must conform to any new requirements in the program at the time they are reactivated.

8. Within the confines of the Constitution of the Graduate Faculty and the policies and procedures adopted by the Graduate Council, the Graduate Studies Committee in the College of Business and Economics is the final governing authority on all policy and procedural matters in the Graduate Business Program.

**Degree Requirements:**

1. Students who have completed any of the required courses before entering the M.P.A. program may substitute electives to complete the 30-unit requirement. Each candidate will complete their degree requirements by passing a comprehensive examination. 3.0 or better GPA is required at the time students apply to take the Comprehensive MPA exam.

2. At least 15 units of course work must be above the 730 level.

3. Students are required to earn a minimum overall GPA of 3.0 and a minimum overall GPA of 3.0 in ACCOUNT courses.

4. Students need an overall graduate grade point average (GPA) of atleast 3.0 to graduate.
