Connect to Wi-Fi for Windows 7

OVERVIEW
This guide will walk you through the steps to connect to the UW-Whitewater wireless network on campus with your Windows 7 computer.

Step 1
Right click on the Wi-Fi icon located in the bottom right-hand corner of your screen.

Step 2
Select uww-wifi, then click Connect.

Step 3
Enter your Net-ID and password. Click OK to continue.

Your computer should now be connected to the UW-Whitewater wireless network. The white bars indicate signal strength.
Manual Wireless Configuration
If the previous instructions did not work, please follow the instructions below to configure the wireless connection manually.

Step 1
Right click on the Wi-Fi icon located in the bottom right-hand corner of your screen.

Step 2
Select Open Network and Sharing Center.

Step 3
Click the Manage wireless networks link located in the left-hand menu.

Step 4
Click Add to add a new network manually.
Step 5
Select **Manually create a network profile**.

Step 6
Enter in the following wireless network information:

- Network name: uww-wifi
- Security type: WPA2-Enterprise
- Encryption type: AES

Check the **Start this connection automatically** box.

Click **Next** to continue.

Step 7
Click **Change connection settings**.

Step 8
Click the “Security” tab and verify the settings match the picture to the right.
Step 9
Click the **Settings** button.

Uncheck the “Validate server certificate” box.

Verify your settings match the settings on the right.

---

Step 10
Click the **Configure** button.

Uncheck the “Automatically use my Windows logon name and password” checkbox. Click **OK** to save your changes.
**Step 11**
Click **OK** to close out of all of the wireless configuration boxes and return to your main desktop.

Click on the Wi-Fi icon located in the bottom right hand corner of your screen and select the newly created uww-wifi wireless network.

Click **Connect** to connect to the wireless network.

**Step 3**
Enter your Net-ID and password. Click **OK** to continue.

Your computer should now be connected to the UW-Whitewater wireless network. The white bars indicate signal strength.
