

## **Empowerment Through Research LEAP Action Summary**

**LEAP Workshop Year:** 2015

**For more information, contact:**

**Action Dates:** 2015-2016

Juk Bhattacharyya

URP/Geography and Geology

Kathryn Gnad

URP

Deonti Norris

URP

Rebecca Sloan

URP

Shawna Loniello

RAP Student

### **General Goal:**

The general goal of our team's action plan focuses on the promotion of UW-Whitewater's Research Apprenticeship Program (RAP).

### **Planned Actions:**

Spring 2015

- This semester, we focused on spreading the word across campus and increasing the diversity of disciplines involved in RAP. Our goal is that by the time students graduate, they will know what RAP is, and also know how to get involved. We also focused on building a support structure for RAP students currently in the program to increase retention and successful completion of the program.

2015-2016 Academic Year

- Next year, our general goal is to continue advertising RAP across campus and focus on different ways we can make RAP even better and more likely to be helpful to RAP students. At the same time, we have worked to incorporate LEAP HIPs and ELOs into the program and the general knowledge of students.

### **Deliverables, Completed Actions:**

- Thing one
- Add completed actions as necessary

### **Notes:**

Teams, add any special notes here.
