

LEAPERS

LEAP Action Summary

LEAP Workshop Year: 2015

For more information, contact:

Action Dates: 2015-2016

Haley Krupp
Chandra Waring
Mariah Shaver

Social Work Major
Sociology, Criminology, & Anthropology
Human Resource Management Major

General Goal:

The goal of our team's action plan is to create a student organization for the campus that will spread the word of the LEAP initiative on campus. It will allow students to get in touch with upper classmen and be "mentors" for them as they are emerged in a liberal education.

Planned Actions:

Spring 2015

Our goal for spring 2015 was to learn what we all had to do to be recognized as a student organization and to start our organization Constitution. We also had a goal to work with the LEAP interns to get their input on what the organization should all offer.

Academic Year 2015-2016

Goals for the 2015-2016 school year include becoming recognized as an official student organization and to gain members. We hope to help kick start this organization and determine how it will run and what it will all involve for the future.

Deliverables, Completed Actions:

- Thing one
- Add completed actions as necessary

Notes:

Teams, add any special notes here.
