Section III - College of Business and Economics

LOWER DIVISION (200-LEVEL) ELIGIBILITY:

Students pursuing a Bachelor of Business Administration degree must achieve 24 credits and maintain a 2.50 GPA or better in order to take lower division business courses except BEINDP 101, ECON 201 and ECON 202. Grades received for all appropriate college courses taken at other institutions will be included in determining the student’s grade point average eligibility for enrolling in business courses.

Business minors and non-business minors required to take business courses must have at least a 2.00 UW-Whitewater gpa and 24 credits completed to enroll in lower division (200-level) business courses required in the minor.

Non-business majors who are required or who may elect to take business courses in the major must have a 2.00 UW-Whitewater grade point average and must have completed 24 credits to take lower division (200-level) business courses.

UPPER DIVISION (300/400-LEVEL) ELIGIBILITY:

Students in the BBA curriculum are not eligible to enroll in the College of Business and Economics 300- and 400-level courses unless they have 60.0 or more credits to degree, at least a 2.50 cum GPA and have been admitted to the upper division business courses. Transfer students must maintain a combined GPA (transfer and UW-W) of 2.50 to continue eligibility.

Business minors must have a 2.00 UW-Whitewater gpa and 60 credits completed to enroll in upper division (300- or 400-level) business courses. In order to graduate with a business minor, the student must have a 2.25 gpa in the minor.

S/NC grading may not be used in any business course or any BBA degree requirement unless offered on an S/NC basis only. Courses in the College of Business and Economics may not be taken on an audit basis. A course cannot be used to satisfy both a BBA degree and a major requirement.

Non-business majors who are required or who may elect to take 300/400-level business courses must have completed 60 credits and have a 2.00 UW-Whitewater gpa to take upper division (300- and 400-level) business courses.

Non-business majors who are not required to take business courses in the major may register for business courses during the first week of classes if all course prerequisites and credits completed (24 for lower division or 60 for upper division) are met, and the student has a 2.50 combined grade point average.

ADMISSION TO UPPER DIVISION BUSINESS COURSES:

When a student is projected to complete at least 54 credits and has satisfactorily completed or is enrolled in ENGLISH 101, ENGLISH 102, COMM 110, ACCOUNT 244, ACCOUNT 249 or ACCOUNT 261; BEINDP 290; ECON 201; ECON 202; ITSCM 280; MATH 143; and ECON 245, the student may apply for admission to the upper division business courses. All students with at least a 2.80 combined GPA will be admitted. Application forms for admission to the upper division business courses are completed at a registration information meeting or online after completion of an online advising exercise.

ENROLLMENT PREFERENCE in all business courses will be given to the following officially declared majors and minors:
• All BBA Majors; integrated science and business; business education; other non-business majors with business course requirements
• Minors; business minors; arts management minors; other minors with business course requirements.

SPECIAL STUDENTS ..... Students admitted with full/complete credentials of all previous post-secondary work (SPFC) may register with the approval of the SPFC advisor (assistant dean of the College of Business and Economics) and special students without full credentials (SPNC) can register on a space available basis with the approval of the assistant dean of the College of Business and Economics, undergradbus@uww.edu, 262-472-4900.

COMMON EXAMINATIONS ..... Certain courses have common exams during the semester when all sections will be tested at the same time. Students should not schedule other classes at those times.

GRADUATE STUDENTS ..... Graduate students must be admitted to the MBA. or MPA.degree program, or to the Graduate Business Foundations, Human Resources Management, or Project Management certificate program to enroll in 500-700 level courses offered in the College of Business and Economics. Only DBA students can enroll in 800-900 level courses. Non-Candidate for Degree (NCFD) students cannot register for College of Business and Economics courses. Exceptions to this policy may be granted to a student enrolled in a graduate business degree program at another accredited institution that wants to transfer the UW-Whitewater course work to their non-UW-Whitewater business degree program. Exceptions must be approved in advance by the associate dean, College of Business and Economics (262-472-1945).

ONLINE BUSINESS COURSES ..... Charges for online business courses are stated with the course listings. The charge is the same for both in-state and out-of-state students.

### Section IV - College of Education

1. All students entering the pre-professional education pre-block courses, including undergraduates, transfer students, and baccalaureate degree holding students, must meet the following criteria:
   - [a] Passing scores on at least two subtests of the Pre-Professional Skills Test PPST;
   - [b] A 2.75 grade point average on a minimum of 12 credits.

2. Students seeking teacher licensure must be admitted to Professional Education in order to enroll in selected upper divisions courses (300-400) in Education. For information pertaining to admission to Professional Education, check at Winther Hall Information Desk.

3. The Wisconsin Department of Public Instruction licensure code requires all new graduates in Early Childhood and Elementary Education to complete the Environmental Education requirement. Either Biology 214, Ecology and Society, or Geography 252, Human Environmental Problems, will partially satisfy the requirement. Students should check with their advisers about the requirement.

### Professional Education Admission

For courses Restricted to Professional Education Admission: Practicing Teachers must have a copy of their teaching certificate and the application to Professional Education for Licensed Teachers on file with the College of Education (send to Winther Hall 2033, UW-W, Whitewater, WI 53190) prior to registering. Teachers seeking their first license must be admitted to Professional Education at UW-W. This is in addition to being admitted to, and enrolled in, a graduate program.

**COUNSELOR EDUCATION***

### Graduate Level Courses

**COUNSEL 718 PRINCIPLES OF COUNSELING** ... Principles of the roles and functions of professional counselors are discussed and practiced in a laboratory setting, including relationship building, conducting interviews and the counseling process. Professional issues as they relate to ethics, legal considerations, scope of practice, mental health service delivery, multicultural concerns, and the value of professional organizations are explored. This course is designed to provide the student with opportunities to define and explore the various roles/tasks of professional counselors, including case conceptualization, prevention, intervention, referral, and termination. By the end of the course, the student should develop a working knowledge of counseling skills, processes, and procedures to facilitate further study in subsequent practicum and internship classes.

COUNSED 720 CAREER DEVELOPMENT AND INFORMATION SERVICES ... The course focuses on major theories of career development and decision making models. It addresses sources of career, educational, leisure, occupational and labor market information, career information systems, assessments, techniques pertinent for career planning, placement, and follow-up. Interrelationships between work, family and other life roles as well as multicultural issues in career development are examined. Students will have the opportunity to be involved with career development program planning, implementation, evaluation and theory application.

COUNSED 721 GROUPS: THEORY AND PRACTICE ... This course provides theoretical and experiential understandings of group work, including principles of group dynamics, theories of group counseling and group leadership and facilitation styles. Group counseling methods are experienced directly in the learning process. Multiple group approaches, necessary to work effectively in a multicultural society, are explored.

COUNSED 722 THEORIES OF COUNSELING ... This course examines prominent counseling theories that provide models for conceptualizing client issues and identifying appropriate intervention strategies. System theories and major models of family and related interventions will be highlighted. Attention will be given to multicultural and ethical issues in counseling. Students will be exposed to current professional research and practices in the field to enable the initial development of their personal theories of counseling.

COUNSED 741 SOCIAL AND CULTURAL FOUNDATIONS IN COUNSELING ... This course is designed to provide students with foundational knowledge and competency base for effective counseling with diverse populations. It will examine multicultural and pluralistic trends, including characteristics and concerns among diverse groups nationally and internationally. Theories of multicultural counseling, identity development, worldviews, acculturation issues, conflict resolution, social justice, advocacy and multicultural competencies will be discussed. Individual, couple, family, group and community strategies for working with and advocating for diverse populations will be examined. Counselors’ roles in eliminating biases, prejudice, oppression and discrimination will be highlighted. Students will be involved in experiential learning activities aimed at fostering an understanding of themselves and culturally diverse individuals.

COUNSED 746 COUNSELING AND THE CHEMICAL DEPENDENCY PROCESS ... This course is a study of alcohol and other drug abuse, the process of chemical dependency, its impact on the family and its importance in the area of counseling. This course will enable the counselor to identify and assess the substance abuser and examine the counselor’s role in the prevention and intervention process. Students will develop knowledge of the behavioral, psychological, physical health, and social effects of psychoactive substances and addictive disorders on the user and significant others. It will examine the history, philosophy and trends in addiction counseling. The student will learn to identify the various symptoms of progressive stages of chemical dependency and counseling modalities for treatment.

COUNSED 751 PROFESSIONAL PRACTICES: ETHICS AND CONSULTATION ... This course is designed to review ethical principles across counseling disciplines and to apply these principles in the practice of counseling, collaboration and consultation. Ethical codes will be reviewed, theories and paradigms of ethical decision making models explored, and legal implications of ethical practice considered. Consultation theories, models, processes, and issues will be examined and applied. Consultation skill development will focus on benefiting both the client (consultee) and client system, in which the client, persons in the client’s support system/context, various professionals within the educational or counseling setting, professionals in the mental health community, and other community members are empowered to facilitate change.

COUNSED 798 INDIVIDUAL STUDIES ... Study of a selected topic or topics under the direction of a faculty member.
