

FINAL EXAMINATION POLICY & SCHEDULE

FALL TERM 2018

All instructional staff of on- and off-campus classes are expected to meet during their scheduled final examination period. All comprehensive final examinations shall be administered at the prescribed time during the final examination period. For those classes where there is no final examination, the time prescribed during the final examination period shall be used as a regular class meeting. Exception to meeting classes during the examination period requires specific written approval in advance from the college dean.

The general schedule will be available via PDF around the time of registration for a given term. Due to the amount of department requested changes, the specific exam schedule in WINS will not be available to view until after the tenth day of classes for the term.

No student shall be required to take more than two comprehensive final examinations on the same day. Any student with more than two comprehensive final examinations scheduled on the same day who want to reschedule the excessive examination(s) must make arrangements with the instructors involved. If the student and instructors are unable to reach mutual agreement about alternate arrangements, the student must notify the Registrar by Friday, October 19. The Registrar shall arrange times as necessary with instructors involved and shall notify the student of the arrangements by Monday, November 19. This policy covers only comprehensive final examinations given during the final examination period.

- Final examinations for web-based classes are scheduled during finals week at the discretion of the instructor.
- Courses meeting four or five periods a week, i.e. MTWR, may use either the MWF or TR period for the exam, whichever is most convenient for all concerned, unless otherwise stated.
- Classes scheduled MW, MF, or WF are to follow the MWF exam times unless otherwise stated.
- Examinations for off-campus evening classes are scheduled for the regular class meeting time that falls during the examination week that begins Wednesday, December 12.
- Classes offered at non-standard class times do not have designated final examination periods. Instructors are to make arrangements to administer examinations during the Thursday, December 20 exam times.

Wednesday, December 12
