SENCER (Science Education for New Civic Engagements and Responsibilities) is a national community of transformation that supports innovative pedagogies to enhance student learning in STEM. The SENCER Center of Innovation-Midwest, housed at Roosevelt University, is the regional group for SENCER participating institutions in the Upper Midwest states.

SCI-Midwest and the University of Wisconsin-Whitewater are pleased to host a regional thematic meeting on Saturday, April 14. Attendees will:

- Learn about the SENCER project goals and current trends in STEM education reform.
- Share examples and updates on practices that enhance civic engagement, student learning and faculty development.
- Take part in breakout sessions arranged around shared disciplinary, pedagogical and/or community engagement goals.

Plenary Talk

“Beyond Blood Vessels: What Our Students Need to Know and Do to Work Toward Health Equity”
by the UW-Eau Claire and Marshfield Clinic Community Connections Team

All attendees are invited to submit an abstract for a poster or workshop session on pedagogical innovations, updates of ongoing projects, and new ideas related to the SENCER project goals.

- **Potential proposal topics include: Public health policy, health equity and disparities, healthcare partnerships, informal education partnerships, encouraging diversity and inclusion in health science education.**
- Presentations should include: a description of how the chosen topic is used to promote civic engagement, work across academic disciplines, promote faculty development and/or contribute to learning objectives at the course or program level.

Abstracts will be accepted through Friday, March 30.

Abstract submission link:

<https://goo.gl/forms/xOkFmGJjmx7GYpwr1>

Registration fees: \$40/person (general)

\$20/person (students)

Advance registration deadline: Friday, April 6

On-site registration available if space allows

Student track!

Undergraduate and graduate students are welcome and encouraged to attend. There will be a special student session to discuss graduate programs and careers for those interested.

For more information or questions about the meeting, please contact Dr. Heather Pelzel at pelzelh@uww.edu or Dr. Robert Seiser at rseiser@roosevelt.edu.
