Motorists headed to the University of Wisconsin-Whitewater this summer will encounter road construction projects that may require detours.

**County Highway N:**
Highway N will be closed at Highway 26 from July 5, through Oct. 15, according to the Department of Transportation. Westbound drivers are advised to detour by turning south on Highway 26 and east on Highway 59 to reach UW-Whitewater. Campus visitors from Dane County could take Highway 12 through Cambridge and Fort Atkinson to reach UW-Whitewater.

**Milwaukee Street:**
In the city of Whitewater, reconstruction of Milwaukee Street will cause temporary closures and delays beginning April 30. Travelers from the east on Milwaukee Street are advised to turn north on Newcomb Street, then left on Starin Road to campus.
