Brooke Winchell; Jeannine Rowe; Simone DeVore
Bridging the InterGenerational Gap (B.I.G.G.): Literature Review on Intergenerational Programming

Precious Holmes

Gloria Ladson-Billings
The Courage to Lead: Instructional Leadership in High and Low Performing High Minority Schools

LETTERS AND SCIENCES

Ron Chester

Dale Splinter
Stream Channel Response to Climactic Variability

Mitchell Elmer

Lopamudra Mukherjee
Learning Dictionaries for Visual Recognition

Grant Francis

Donald Jellerson
Producing a Modern Edition of a Renaissance Play

Thomas Haasl

David Havas
Exploring the effects of facial muscle fatigue on emotional language comprehension

Katharine Hausmann

Joshua Kapfer
*Spatial ecology, habitat selection and survival rates of headstarted Blanding's Turtles (*Emydoidea blandingii*) in southern Wisconsin*

Frederick Hofstetter

Michael Bennett
The Spectrum of Minimalism: Beckett to Hemingway

Zachary Olson

Peter Jacobs
Developing a Predictive Equation for SOC Analysis in Subsoil Horizons

Andrew Phillips

Christopher Veldkamp
Comparison of CCL21 and CXCL12 Binding to Receptor Peptides Containing Either Sulfated or Phosphorylated Tyrosine

Alex Hall

Lopamudra Mukherjee
Correlation based Sparse Coding

Michelle Storage

Catherine Chan
The Effects of Aspirin and it's Derivatives on Terrestrial Plants

Hana Keller

LEAP Team, Team Rocket
The Art of Science

Darby Johnson

Rex Hanger
Geometric Morphometrics, Size-Frequency Distribution, and Taphonomy of Brachipoda from the Hughes Creek Shale (Carboniferous) of Southeastern Nebraska

Ashley Vedvig

John Frye
Climate Change Across North America According to the Koppen Classification Scheme

Paeton Wantuch

Robert Kuzoff
Evolution of Virulence Properties of Influenza Type B Determined Through Comparative Genomic Analyzes

Sarah Wyrick

Joshua Kapfer
The Effects Pack Territory Densities Has on Wisconsin's Gray Wolves Responses to Olfactory and Acoustic Simulated Intrusion

Junxiang Xu

Jalal Nawash
Deposition of Polyethylene glycol onto the Stainless steel

Nathan Anderson

Janine Tobeck
Binary Tension in Ralph Ellison's Invisible Man

Asha Bailey

Christopher Veldkamp
CCL21 and CCR7's Role in Cancer Metastasis

Chastity Harden

Nikki Mandell
Resiliency, Black Racial Identity, Education and Inner-city Youth: Historical Analysis of Austin Community Academy 1960's-2007

Sebastian Hernandez

Tulay Atesin
Competing Hypotheses on Dream Interpretation and memory processing: an alternative approach

Hannah Renninger

Brett Woods
*Determining a Thermoneutral Zone of Hibernators (*Marmota monax*) During the Summer Season*

Larry Williams

Christopher Veldkamp
The structure of CCL21 and the receptor CCR7

Alexia Johnson-Cole

Sarah Hessenauer
The Increase in African American Gangs: 1960-2012 structural and cultural factors

Jaron Tylock

Elisabeth Harrahy
Benthic Macroinvertebrate Community Composition of Bluff Creek, in Bluff Creek State Natural Area

Kiwane Kemp

Carolyn Morgan
The Relationship Between Negotiating Psychological Trauma and Moral Consciousness in Urban Youth

Daquila Tate

Sarah Hessenauer
Media and Body Dissatisfaction in Young Adults

Mindy Thao

David Havas
Embodied Cognition between Westernized and Non-Westernized Hmong

Nicholas Walker

David Havas
Reducing the Fundamental Attribution Error by Manipulating the Mirror Neuron System

Jerry Watkins

Carolyn Morgan
Majors and Labeling through Self Fulfilling Prophecies

LaCherie Weathers

Carolyn Morgan
The Effects of Racism-Related Stress on the Health of African American Males

Katherine Stanford

Kirsten Crossgrove
Cloning, Expression and Purification of Recombinant Proteins for the Detection of HIV antibodies

Alexander Steeno

Hephzibah Kumpaty
Environmentally Friendly Suzuki Cross-Coupling Reactions through Eco-Friendly Solvents

Casey Mueller

Hephzibah Kumpaty
Green Asymmetric Organocatalyzed Michael Reactions

Amanda Loch

Hephzibah Kumpaty
Nano-Nickel Hydroxide Catalyst Synthesis & Industrial Applications with Oxidation Reaction

Keng Moua

Evelyn Hوجلund; Lawrence Feth
The effect of headphone type on listener performance in the spoken digits test

Cassandra Heller

Hephzibah Kumpaty
Ireland-Claisen sigmatropic rearrangements

UNIVERSITY OF WISCONSIN
WHITEWATER
