FIRST-GENERATION STUDENTS

First-generation college students — those whose parents did not earn a four-year college degree — are well-represented on campus. Almost one-half of undergraduates enrolled in Fall 2017 are first-generation students, with 41% of the new freshmen class and 46% of the new transfer class consisting of first-generation students. First-to-second-year retention rates among first-generation students are on par with the university as a whole at 75%. The most recent graduation rates for first-generation degree recipients are 57.7% (six-year) for freshman starts and 69.2% (four-year) for transfers.

UNDERREPRESENTED MINORITY STUDENTS

The percentage of underrepresented minority (URM) students on campus continues to grow, representing just over 13% of undergraduates in Fall 2017. URM students are also well-represented in new freshmen (16.2%) and new transfers (15.0%). Average retention and graduation rates among URM students are lower in comparison to the average among undergraduates as a whole. The most recent graduation rates for URM students are 51.2% (six-year) for freshman starts and 59.0% (four-year) for transfers.

STUDENTS WITH DISABILITIES

In the 2016-17 academic year, 1,031 (almost 10%) students utilized services offered by the Center for Students with Disabilities. The campus serves students with a wide variety of disabilities, ranging from health impairment (the largest primary disability identified by students using the center) to learning disabilities and ADHD/ADHD (representing approximately 40% of the students served) to psychological and mobility disabilities. UW-Whitewater serves more students with disabilities than any comprehensive institution in the state of Wisconsin.

FINANCIAL AID

In 2015-16, undergraduate students were offered almost $100M in financial aid, approximately $30M of which was scholarships and grants. As a result, over 70% of students received some sort of financial aid.

Thanks to Professor Lauren Smith, UW-Whitewater has been awarded a $315,000 emergency fund grant from the Great Lakes Higher Education Corporation. The grant will provide funds for low-income students experiencing financial emergencies, with the goal of keeping students in school and on track to graduation.
