Task: Considering the below topic, do the following with your group:

1. Circle the terms (words or phrases) in the topic that you could use to create searches
2. Write down the searchable terms below
3. **Brainstorm** up to five synonyms for the searchable terms
4. Discuss possible searches you could do in Research@UWW or a library database using the search tips you learned and the terms and synonyms you wrote down
   a. Each search should address at least one facet of the topic
   b. A search does NOT have to include all possible search terms
5. Write down three of the searches
6. Choose a representative to present one of your searches to the class

**Topic**

In Western society, cellphones are found nearly everywhere and are used by most people. What effect have cellphones had on social interaction between teenagers?
