

FACULTY 1868-1968

Format of Faculty list, 1911/12 to 1919/20, added a faculty member's academic training and previous employment to the entries. Prior to 1911/12, the faculty list only gives name, academic degree, and teaching assignment. From 1920/21 to 1922/23, only name and teaching assignment were listed. In 1923/24, academic training was returned to the listings. No catalogs exist for 1912/13, 1913/14. Some issues of the catalog lack faculty lists in the 1920's and 1930's, as well as some years being missing. The catalog for 1929/31 is the first explicitly biennial catalog. The first separate classified staff listing is 1931/33. Dates are based on catalog entry and do not include resignations where the semester cannot be determined.
