College of Integrated Studies

UW-Parkside Transfer Checklist

Application Process:

Spring Deadline: January 15

Fall Deadline: August 1

Rolling Admission: Parkside operates on a rolling admission basis and, as such, we reserve the right to stop accepting applications when we believe the enrollment capacities for the campus can be satisfied by the number of students already admitted. We encourage you to complete your application early. Above are anticipated admissions deadlines.

- Submit UW System application at <https://apply.wisconsin.edu>
- Submit official high school transcripts, GED scores or HSED
- Submit official transcripts from all colleges and/or universities ever attended.

Submit transcripts to:

UW-Parkside Admissions
900 Wood Rd
Kenosha, WI 53144

- If you want to earn your Associate of Arts & Science degree before transferring, please confirm your progress with your Academic Adviser
- Once you have met with your Academic Adviser and know that you are eligible to earn your degree, apply for graduation through your WINS account. Log into WINS, click Academics→Graduation, and follow prompts for AAS.

Admission Criteria:

- Applications are reviewed once all application materials arrive. One missing item will hold up the entire application review process.
- Once all materials are received, a committee will meet to review the application and a transfer decision is typically made within 5-7 days. At peak times and for students with a large number of transfer credits, additional days may be required.

College of Integrated Studies

- Applicants typically receive their decision letter within two weeks of submitting all materials. You may also call us to check the status of your application: 262-595-2355. A decision can only be shared directly with the student who applied.
- Parkside completes a comprehensive review with each application we receive. Thoroughly complete the entire application including the personal statement. Both academic and nonacademic factors that are presented in an application are used to make an admission decision. The most competitive candidates for admission present positive factors in their application that are both academic and nonacademic. If you have been denied admission and wish to learn about the appeal process, please contact the Admissions Office.
- Transfer students who are likely to be admitted will have: at least 12 transferrable credits, and have a 2.0 or higher GPA in transferrable course work

Campus Visits:

You may view options for visiting the UW-Parkside campus here: <https://www.uwp.edu/apply/visitus/>

Note to former UW Colleges Students:

On July 1, 2018, UW Colleges officially joined seven four-year UW institutions. The University of Wisconsin Extended Campus is the custodian of all student records and transcript requests for students enrolled at a UW College or UW Branch Campus prior to September 1, 2019. Please visit this website for more information on requesting transcripts from UW Colleges or a Branch Campus.
