

How to Apply

To apply for financial aid at UW-Whitewater the application process is as follows:

Complete a Free Application for Federal Student Aid (FAFSA) on the web at www.fafsa.ed.gov. The web is designed to aid students and parents in completing this application process accurately and allows for faster processing. We encourage the use of this technology as it offers quicker results, easier access to current status, and gives the family an estimate for the family contribution. All students will automatically receive a pin number once they file the FAFSA form. If the student so chooses, he/she may complete the paper version of this application. The paper FAFSA is available from high school guidance counselors or the Financial Aid Office.

Continuing students may also file a Renewal Application on the web at the site above. The renewal form allows students to update certain data elements instead of completing an entire application. When completing the renewal process on the web, students must have a pin number. All students can get a pin if they do not have one or have lost it at www.pin.ed.gov.

All students and parents have the option of requesting a pin number, which will serve as an electronic signature. The pin number will also give the student access to other valuable information at www.nsls.ed.gov. The FAFSA must be completed after January 1 of the new year once the federal income tax returns for the previous year are completed. The FAFSA requires accurate information. Inaccurate information can result in time-consuming corrections. Therefore, students and/or parents should complete federal income tax returns as early as possible. Students and parents should always make an extra copy of their federal tax return in case they are required for verification purposes by the Financial Aid Office.

Submit the FAFSA and all other required documents by the priority date of March 15. Applications submitted after March 15 may be too late for many aid programs. Financial aid is awarded on a first-come, first-served basis.

Students should provide an up-to-date e-mail address on the FAFSA. This allows the federal processor to communicate with the student when the Student Aid Report is available for viewing online. The SAR reports to the student the information as submitted on the FAFSA. If it contains incorrect information, the student should use his/her pin number to make the necessary corrections on the web as this reduces processing time. The student may also make corrections on the paper form and mail it to the address indicated on the form. However, this process is more lengthy than using the web.

Applications will not be reviewed until all required information/documents are received. The student must be accepted for admission to UW-Whitewater before the application will be considered. It is the applicant's responsibility to submit all data on a timely basis. The status of the student's application can be determined by viewing WINS, emailing uwwfao@uww.edu, or calling the Financial Aid Office at (262) 472-1130.

The Award Process

- Financial aid is generally awarded for the academic year. Each applicant is considered for all types of aid available for which he/she is eligible according to state and federal regulations. The student must be enrolled at least half time for most financial aid programs. Half time is defined as 6 credits for undergraduates and 4.5 credits for graduates.
- Financial aid packages are generally based on full-time status. Students must inform the Financial Aid Office if they plan to carry less than a full-time credit load, as an adjustment may have to be made in the aid award. Unauthorized receipt of funds will require repayment. Grants and/or loans will be disbursed or directly credited to the student's account at the beginning of each term. All new students must pay a minimum payment as specified by the University to complete registration.
- The financial aid package may be a combination of grants, loans, and employment. The actual package depends upon factors such as state and federal regulations, availability of funds and the number of students seeking aid. Grants are awarded first, then loans and/or work study, depending on the preference and eligibility of the student.
- An applicant is ineligible for aid if he/she owes a refund or repayment or is in default on any Title IV grant or loan at any institution.
- Continued eligibility for receiving financial aid is based upon financial need and meeting academic progress requirements.

Winterim

To apply for winterim financial aid, students must make an appointment with a financial aid administrator beginning in November. The current academic year FAFSA process must be completed and on file.

Summer Term

To apply for summer term financial aid, students must complete a Summer Term Application which is available on the web at <http://www.uww.edu/financialaid>.

Applications are also available at the Financial Aid Office during the spring term. In addition, the current academic year FAFSA must be received by the federal processor by June 30.

Undergraduates must enroll for a minimum of 6 credits and graduates a minimum of 4.5 credits to be eligible for financial aid. All forms for financial aid must be completed by July 15. Work programs and loans are usually the only aid available.

Satisfactory Academic Progress

Students are required to comply with the Satisfactory Academic Progress policy in order to maintain their eligibility to be considered for financial aid. Academic Progress requirements are available at http://www.uww.edu/financialaid/terms/academic_progress.html. Failure to meet the requirements will result in loss of eligibility for all major types of financial aid. Students who do not meet the requirements can appeal their Academic Progress status.

Additional Outside Resources

The student's financial aid package is subject to change based upon assistance received from other sources. This includes private scholarships, fee waivers, Division of Vocational Rehabilitation funds, resident/campus assistantships, veterans' benefits, etc.

WHAT WILL IT COST To Attend UW-Whitewater?

Begin your financial planning for college with an estimate of what the total cost will be for one academic year at UW-Whitewater. While fees (tuition) and room and board expenses will represent the majority of your expenses, expect to incur expenses for workbooks and supplies, personal items, laundry, entertainment, and travel. If you make realistic budgetary allowances for such items now, your final financial projections will be more accurate and useful.

The costs projected for 2008-2009 are **estimates** based upon 2007-2008 actual charges plus inflation factors of 4 to 10%. Actual data may be obtained during the summer from Financial Services pending the Board of Regents' approval.

Wisconsin Residents — 2008-2009 (Estimates)

	UNDERGRADUATE	GRADUATE
Tuition and Books*	\$ 6,100	\$ 7,200
Room and Board	4,650	5,350
Workbooks and Supplies	650	1,240
Transportation	850	850
Personal Expenses	<u>2,000</u>	<u>3,000</u>
TOTAL	\$14,250	\$17,640

*Nonresident (except Minnesota) undergraduates add \$7,800 and graduates add \$10,300 for non-resident tuition (estimate).

Note: Self-supporting students have higher cost estimates. Contact the Financial Aid Office for additional details. These college costs may not be exactly the same as listed in other UW-Whitewater publications as they are used solely to establish eligibility for financial aid. These costs are subject to change without notice.

While most required undergraduate textbooks are available through the textbook rental system, some must be purchased. Graduate students must purchase their textbooks.

The following is a sample budget and need analysis for a dependent freshman paying in-state tuition:

Total Estimated UW-W Budget	\$14,250
Minus Expected Family Contribution (EFC) (as calculated through the application process)	<u>- 1,199</u>
TOTAL NEED	\$13,051

The following is a sample financial aid package for the same student enrolled full time:

Federal Pell Grant	\$ 3,160
Wisconsin Higher Education Grant	2,195
Federal Supplemental Education Opportunity Grant	1,000
Federal Perkins Loan	1,500
Federal Work-Study	1,200
Federal Direct Stafford Loan	3,500
Federal Direct PLUS Loan	<u>1,695</u>
TOTAL	\$14,250

Students have the option of accepting all or part of the assistance offered.

Financial aid is calculated on the number of credits the student intends to take. Financial aid packages must be adjusted for less than full-time enrollment.

Employment Opportunities

Students must be enrolled at least half time or have been accepted for such enrollment for any on campus employment. The most common types of positions available are Federal Work-Study positions and Regular Payroll positions. Students are limited to 30 hours a week during periods of enrollment.

Students on foreign student visas (F-1's) are eligible for on-campus Regular Student Payroll positions only and are restricted to 20 hours per week during periods of enrollment.

During the summer or other vacation periods when the student does not have classes, he/she may work a maximum of 40 hours per week. In general, the basic pay is slightly above the prevailing minimum wage.

Federal Work-Study Employment

The Federal Work-Study program is a federally funded financial aid program available to citizens or permanent residents of the United States. To be eligible, the student must receive a Federal Work-Study allocation as a part of the financial aid package.

Federal Work-Study employment is on campus (except for America Reads), and work schedules are set up around classes. Students are encouraged to participate in the many community-service related activities available. Typical on-campus jobs include clerical work; assisting in the library, laboratories, or computer labs; tutoring; and child care assistance.

Proceeds from Federal Work-Study employment are paid with funds directly deposited to the student's savings or checking account and are not automatically subtracted from the student bill.

Regular Student Payroll

Each year hundreds of on-campus part-time jobs are made available by UW-Whitewater. Jobs (similar to Federal Work-Study positions) in university offices, laboratories, or other facilities can be applied for by any student enrolled on at least a half-time basis. These positions are listed via the Web. Look for *Student Jobline* on the UW-Whitewater Financial Aid and Student Employment Office homepage.

All on-campus students are paid with funds directly deposited to their savings or checking accounts.

Food Service

The private company with the contract to provide food services to UW-Whitewater hires approximately 225 students each year to work in the dining halls and for its catering service.

Off-Campus

Each year the Financial Aid Office lists many part-time jobs in private homes, businesses, and industries in the Whitewater area. These openings are also listed on the *Student Jobline*. Students on foreign student visas (F-1's) are not eligible for off-campus employment without special permission.

Student Rights & Responsibilities

The Family Educational Rights and Privacy Act (FERPA) is a law designed to protect students' education records. Based on this law, all students have the right to access the information contained in their **education records**. In order to insure the confidentiality of these records, the Financial Aid Office must obtain written consent from students authorizing employees of the Financial Aid Office to discuss information with parents, legal guardians and/or spouses. There is an Authorization for Release of Information form available at the Financial Aid Office. It is also included on the Award Letter and on WINS.

Male students born in 1960 or later must register for the Selective Service prior to being able to receive federal Title IV financial aid. Forms are available from any U.S. Post Office or can be accessed online at www.sss.gov.

All mail addresses must be changed on the WINS system. Home addresses must be updated by the Registrar's Office. Students are responsible for keeping their addresses up to date.

Financial aid of any type is required to be used to meet educational expenses of tuition, fees, books, room and board, transportation and minimal personal expenses.

Students are responsible for repaying their educational loans and should not accept such loans without full realization of that responsibility. Students borrowing through the Federal Stafford Direct Loan program for the first time must complete Entrance Loan Counseling online prior to release of funds.

Students may be ineligible for Title IV aid if convicted of an offense involving possession or sale of illegal drugs. The period of ineligibility is contingent upon the offense committed and if the student is a first-time or repeat offender.

Work study employment is a privilege, not a right. Any student can and will be terminated for justified reasons.

Students must **reapply annually** for all types of financial aid.

Installment Payment Plan

The University provides an installment payment plan for students who cannot pay the total costs at registration. They must have a credit agreement on file. For more information, contact Financial Services at (262) 472-1373.

Potential Tax Liability

Financial aid grants may be taxable income. Students receiving grants are advised to retain receipts for fee payments, books, supplies, and equipment that are course related.

GRANTS

A grant is a form of aid which does not have to be repaid.

Federal Pell Grant

The Federal Pell Grant Program provides a "foundation" of financial aid to undergraduates to which aid from other federal, state, and private sources may be added. To determine a student's eligibility for a Federal Pell Grant, the Department of Education uses a standard formula to evaluate the information the student supplies on an aid application. The formula produces an Expected Family Contribution (EFC), which indicates whether or not the student is eligible. This amount is on the Student Aid Report (SAR).

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant is another federally funded grant program. FSEOG's will be awarded first to those undergraduate students with exceptional need, those with the lowest expected family contributions, and Federal Pell Grant recipients.

Advanced Opportunity Grant (AOP)

AOP grants are intended for African American, Latino, American Indian, designated Southeast Asian, and disadvantaged graduate students. Both Wisconsin residents and non-residents are eligible, although preference is given to Wisconsin residents. Full-time and part-time graduate students are eligible.

Wisconsin Higher Education Grant (WHEG)

The Wisconsin Higher Education Grant is a state funded grant available to eligible undergraduate Wisconsin residents who demonstrate financial need. Awards are determined by the Higher Educational Aids Board.

Talent Incentive Program Grant (TIP)

The Talent Incentive Program Grant is administered by the Department of Public Instruction's Wisconsin Educational Opportunity Program. The purpose of TIP is to provide supplemental grant awards to extremely needy students from disadvantaged backgrounds. TIP awards are designed to reduce the need for self-help aid during the period of greatest academic vulnerability. Contact your local WEOP office (414) 227-4942.

Academic Competitiveness Grant (ACG)

The Academic Competitiveness Grant is based on the student's completion of a rigorous high school program as defined by the U.S. Department of Education and verified through the UW-Whitewater Admissions Office. The student must be a U.S. citizen, Pell Grant eligible, and enrolled full time to receive the grant. The grant is awarded to first and second year students, and a cumulative 3.0 grade point average must be maintained. The first year award is \$750 and the second year award is \$1,300.

National SMART Grant

The National SMART Grant is based on the student's major field of study-Computer Science, Engineering, Technology, Life Sciences, Mathematics, Physical Sciences, and designated Foreign Languages as defined by the U.S. Department of Education and verified through the Registrars Office. The student must be a U.S. citizen, Pell Grant eligible and enrolled full time to receive the grant. The grant is awarded to third and fourth year students, and a cumulative 3.0 grade point average must be maintained. The grant may be awarded up to \$4,000.

Indian Student Assistance Program

The Indian Student Assistance Program grants are available to Native Americans who demonstrate financial need and are of one-fourth Native American lineage. Contact the Financial Aid Office for more information.

Non-Resident Grant

These grants are available to out-of-state (excluding Minnesota)* students enrolled full-time who demonstrate need. Upperclassmen must have a cumulative grade point average of 2.00 or better. These awards cover part of non-resident tuition expenses.

***Minnesota Reciprocity**

All undergraduate and graduate students who are bona fide residents of Minnesota may have their non-resident tuition waived upon application to the student's home state. Contact the Admissions Office for more information.

International Student Scholarship

Each year the Admissions Office awards scholarships based on academic record and financial need to new freshmen from foreign countries. Not all students who apply for admission receive scholarships. The awards may be renewable for up to four years. Recipients must be enrolled full time. Awards are made in the form of a partial waiver of non-resident tuition, and can vary in dollar value. Contact the Admissions Office, 2060 Roseman, (262) 472-1440, or e-mail uwwadmit@uww.edu for more information.

International Student Grant

The International Education and Programs Office has a limited amount of funds available to assist continuing international students. Applicants must have completed a minimum of one year at UW-Whitewater and must be enrolled full time. These awards are based on documented financial need due to circumstances beyond the student's control. Awards are made in the form of a partial waiver of non-resident tuition. Applications are available at the beginning of fall & spring terms through the International Education and Programs Office.

Wisconsin Hearing/Visually Handicapped Grant

These grants provide assistance to Wisconsin residents who are deaf, hard of hearing, or visually impaired. To qualify, such students need to demonstrate financial need. Awards are determined by the Higher Educational Aids Board. Contact the Financial Aid Office for more information.

U.S. Army Reserve Office Training Corps (ROTC) Scholarship

There are four categories of annual scholarships awarded by the Department of the Army available to students participating in Army ROTC. High school seniors entering a university with Army ROTC may compete with students across the nation for four-year and three-year scholarships under the High School Scholarship Program. Interested students should contact the Department of Leadership, Military Science and Aerospace Studies, (262) 472-1541, September 1 through December 15 during the senior year in high school. On-campus, two-year and three-year scholarships are also available to selected students participating in Army ROTC.

U.S. Air Force ROTC Scholarships

Air Force ROTC has several types of scholarship opportunities available for students. High school seniors must apply for the Air Force ROTC College Scholarship Program no later than December 1. If selected, high school seniors are awarded three-year and four-year Air Force ROTC scholarships. For those students already in college, please contact the Department of Leadership, Military Science and Aerospace Studies to find out if you are eligible for a scholarship. UW-Whitewater campus location is Room 318, Goodhue Hall.

Lawton Undergraduate Minority Retention Grant

These grants provide funds to undergraduate minority students who are of at least sophomore status. Applicants must be African-American, Latino, Native American or Southeast Asian. Southeast Asian students must be of Vietnamese, Cambodian, Laotian or Hmong heritage. Students must file a FAFSA so financial need or no need can be determined.

Qualifying minorities must be Wisconsin residents who are enrolled at least half time and making satisfactory academic progress. Students who demonstrate financial need must have a grade point average of 2.0 or better; students not eligible for financial aid must have a grade point average of 2.4 or better to be considered. Contact the Assistant Vice Chancellor for Academic Support Services, 226 McCutchan Hall, (262) 472-4985, for applications and information.

Division of Vocational Rehabilitation (DVR)

DVR assistance may be available to students having some type of disability. Vocational Rehabilitation is a Division of the Department of Workforce Development. Students should contact their local DVR counselor in addition to filing the FAFSA.

Wisconsin Grants for Study Abroad

There is a limited amount of funding for study abroad grants. Students must complete a FAFSA and demonstrate financial need. These grants are intended to increase the number of UW System students studying abroad. Grants will be provided for only those experiences that grant credit regardless of program length. A recipient must be an undergraduate Wisconsin resident enrolled in a program leading to a bachelor's degree with at least sophomore status. Contact the International Education and Programs Office, Andersen Library 2248, 262-472-1603, for applications and information.

LOANS

A loan is a form of financial assistance which must be repaid and should only be accepted with the full realization of that responsibility.

Federal Perkins Loan Program

Federal Perkins Loans are available to undergraduate and graduate students. Awards are determined by the Financial Aid Office based upon financial need and availability of funds. The borrower must sign a master promissory note for the loan, which is interest-free as long as he/she is enrolled at least half time at any eligible institution. Repayment of the principal plus 5% interest per year begins nine months after the student leaves school or graduates. Repayment is determined by federal regulations.

WILLIAM D. FORD FEDERAL DIRECT LOAN PROGRAM

Federal Direct Stafford Loan (Subsidized)

The Federal Direct Stafford Loan enables undergraduate and graduate students enrolled at least half time to borrow directly from the federal government. To be eligible, students must demonstrate financial need. The school determines financial need based on the information provided on the FAFSA. The federal government pays the interest on these loans while students are in school and during the six month grace period after graduation or the point in time the student leaves school. The federal government also pays the interest during periods of deferment (a postponement of repayment). Undergraduate freshmen are limited to loans of \$3,500; sophomores (24-59.5 credits) are limited to \$4,500; junior and senior undergraduates (students with 60 credits or more) are limited to \$5,500. Graduate students are eligible to receive up to \$8,500 per year. Interest rates are set on July 1 each year. The current rate is 6.8%. An origination fee is assessed at the time the loan is made. The borrower will receive a disclosure statement from the Direct Loan Servicing Center regarding the amount of his/her loan and the anticipated disbursement date.

Federal Direct Stafford Loan (Unsubsidized)

To be eligible, the student must complete the FAFSA process. If a small financial need is determined the student may be offered the subsidized loan in combination with the unsubsidized loan. If no financial need is determined, the student will be offered the Federal Direct Unsubsidized Loan. The student, not the federal government, is obligated to pay all interest even while enrolled, which differs from the subsidized loan. The same borrowing limits apply minus any amounts borrowed under the subsidized program. For example, a freshman may borrow a maximum of \$3,500 per year in combination of both programs. Independent undergraduates may be eligible for higher limits. Interest rates are set on July 1 each year. The current rate is 6.8%. As with the subsidized loan, an origination fee is assessed at the time the loan is made. The borrower will also receive a disclosure statement for this loan.

The aggregate loan limits for dependent undergraduates is \$23,000. Aggregate loan limits for independent students is \$23,000 (subsidized) and \$46,000 total (subsidized and unsubsidized). Graduate students may borrow a total of \$138,500 (including loans for undergraduate study). No more than \$65,500 of this may be in the form of subsidized loans.

Federal Direct PLUS Loan

The Parent Loan for Undergraduate Students (PLUS) enables credit-worthy parents of undergraduate dependent students to borrow. Graduate students are also eligible to borrow through the PLUS program. The PLUS Loan may not exceed the student's estimated cost of attendance minus any estimated financial assistance the student has been or will be awarded during the period of enrollment. This includes the no-need Federal Direct Unsubsidized Stafford Loan. Funds are borrowed directly from the federal government. An origination fee is assessed at the time the loan is made. The interest rate is 7.9%. You may contact the Financial Aid Office for the PLUS Loan Request Form or access the form online.

Alternative Loans

Alternative loans are private loans borrowed from a lending institution. These loans are not part of the federal government financial aid programs. Alternative loans should only be used when all other options have been exhausted because they are more expensive than the federal government guaranteed loans. These loans are based on credit scores; therefore, most student borrowers will require a co-signer in order to receive a better interest rate. In most cases, repayment of the principal balance is deferred until after graduation; however, interest is capitalized on the loan while the student is in school. The maximum amount a student may borrow is the amount of the cost of attendance for the loan period minus any financial assistance received for the loan period. If students find they need to borrow an alternative loan, it is very important to research lenders. For more information please visit our website where there is a lender comparison tool.

CHANGES TO Financial Situation

Notify the Financial Aid Office directly of changes which may affect the family's ability to provide financial assistance to the student. These changes may include but are not limited to loss of employment or benefits, a significant decrease in income, separation or divorce, death or disability, unusual medical expenses, and child care costs.

FINANCIAL AID Recipients

Students on financial aid are subject to the same payment deadlines which apply to all other students. Students should not rely on financial aid to be available in time to meet the terms of their installment credit agreement with the University.

FINANCIAL AID Counseling

Financial aid counseling is available from Financial Aid Administrators on an appointment basis. In addition, there is an administrator-on-duty 12-15 hours a week for quick questions. Social Security numbers or ID numbers are needed to make appointments.

Communication by E-Mail

Please be aware that the Financial Aid Office communicates with students whenever possible via the student's UW-Whitewater e-mail address. Campus e-mail should be checked daily.

Federal Policy for Return of Title IV Funds

The Financial Aid Office must adhere to federal law when determining the return of financial aid to the financial aid programs.

Policy on Awarding Financial Aid

Financial aid is awarded based on tuition and other educational expenses. Enrollment is captured on the 10th day of the term and student financial aid will be revised accordingly. Students awarded financial aid after the 10th day of the term will be awarded based on actual enrollment for the current term and projected enrollment for the spring term.

Withdrawal

If a financial aid recipient withdraws during a term, the Financial Aid Office must calculate the amount of Title IV aid the student did not earn. Unearned funds must be returned to Title IV Programs.

The basic formula is:

$$\begin{array}{l} \text{Percent of enrollment} \\ \text{period completed based on} \\ \text{withdrawal date} \end{array} \quad \times \quad \begin{array}{l} \text{Aid that disbursed} \\ \text{or could have} \\ \text{disbursed} \end{array} = \text{Earned aid}$$
$$\begin{array}{l} \text{Aid that disbursed} \\ \text{or could have disbursed} \end{array} \quad - \quad \text{Earned aid} = \text{Unearned aid}$$

The school must return:

$$\begin{array}{l} \text{Amount of} \\ \text{institutional charges} \end{array} \quad \times \quad \begin{array}{l} \text{The percent of aid} \\ \text{that was unearned} \end{array}$$

Student must repay:

$$\begin{array}{l} \text{The amount of unearned Title IV} \\ \text{aid to be returned.} \end{array} \quad - \quad \begin{array}{l} \text{The amount of unearned Title IV} \\ \text{aid due from the school.} \end{array}$$

If the repayment of funds affects grant dollars received, the student's repayment of these funds will be reduced by 50 percent of the total grant aid.

Students will repay loan funds based on the repayment terms of the promissory note. Repayment of grant funds can be arranged with the school if paying in full, or with the Department of Education if a payment schedule needs to be arranged. If a student fails to repay grant funds, they will be ineligible for future financial aid.

If a student withdraws the first term, but plans to return spring term, he/she must submit WRITTEN notification to the Financial Aid Office so that aid may be reinstated and/or revised. If a student fails to notify the Financial Aid Office, the aid will remain cancelled.

Information included in this brochure is subject to change at any time because of federal, state, or university regulations.

The University of Wisconsin-Whitewater is committed to equal opportunity in its educational programs, activities and employment policies for all persons regardless of race, color, gender, creed, religion, age, ancestry, national origin, disability, sexual orientation, political affiliation, marital status, Vietnam-era veteran status, parental status and pregnancy.
