Graduate

Business Administration (MBA)

Counseling (MS)

Safety (MS)

Update on Accreditation Reviews

The following changes should be noted:

The dates for second entry, American Assembly of Collegiate Schools of Business, should be changed to reflect that a review was completed in 1998-99 and the next scheduled review will be in 2008-09.

The third entry should be changed to note that the Council on Accreditation of the American Speech-Language-Hearing Association accredits the program in Audiology and Speech-Language Pathology. This should be a single entry rather than two (replacing Communicative Disorders and Speech-Language Pathology).
