

Enrollment Maximums

Fall/Spring:

An undergraduate student's academic standing determines the maximum number of units in which he/she may enroll in a fall or spring term. Students admitted on academic probation or students with less than a 2.00 cumulative grade point average may enroll for a maximum of 15 units. New freshman with both a high school percentile rank and an ACT or SAT score below the 50 percentile are limited to 15 units. Students with a 2.00 cumulative grade point average or above may register for a maximum of 18 units. Exceptions to the number of units in any of the above circumstances require permission of the dean of the student's major.

Summer:

The unit (credit) restriction standard is the maximum of one unit (credit) per week for each of the three and six week sessions, with the exception that a student may enroll simultaneously in one three and in one six week course. During the summer term, students are limited to a total of 12 units (credits). Requests for overloads made by undergraduates require approval of the dean of the student's major.
