MATERIAL SAFETY DATA SHEET
THE TESTOR CORPORATION
620 BUCCBEE STREET
ROCKFORD, ILLINOIS 61104

Telephone number: (815) 962-6654 (M-F 8:00 AM - 4:30 PM CDT)
24 hour Chemtrec telephone number:* (800) 424-9300

*TO BE USED ONLY IN THE EVENT OF CHEMICAL EMERGENCIES INVOLVING
A SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT INVOLVING CHEMICALS.

Date prepared: 5/19/92

This MSDS complies with OSHA 29 CFR 1910.1200 (The Hazard Communication Standard)

------------------------------------------------------------------------
SECTION III - PHYSICAL/CHEMICAL CHARACTERISTICS

BOILING RANGE: 272 to 395 deg.F
GALLON WEIGHT OF
PRODUCT (Lbs/Gal): 7.33
PERCENT VOLATILES
(By Volume): 100

SPECIFIC GRAVITY (Water=1): .880
VAPOR PRESSURE: 2 mm Hg @ 20 deg.C (calc.)
VAPOR DENSITY: Heavier than air.
EVAPORATION RATE: Slower than Ethyl Ether.

------------------------------------------------------------------------
SECTION IV - FIRE & EXPLOSION HAZARD DATA

FLASH POINT (SFCC): 110 deg.F
OSHA FLAMMABILITY CLASSIFICATION: Combustible Liquid - CLASS II
FLAMMABLE LIMITS (calc.) IN AIR: LEL 1.0, UEL 16.9
EXTINGUISHING MEDIA: Alcohol resistant foam, carbon dioxide, or dry chemical.
SPECIAL FIRE FIGHTING PROCEDURES: Caution: Combustible. Dilution with water will reduce burning rate. Avoid breathing vapors. Keep personnel removed from and upwind of fire. Wear full protective equipment: Eye/Face Shield, Body (Full Dunker Gear), Respiratory (SCBA).
UNUSUAL FIRE AND EXPLOSION HAZARDS: Cool fire exposed containers with water spray (fog). Vapors may travel to ignition source and flash back. This material may produce a floating fire hazard in extreme fire conditions. Overexposure to decomposition products may cause a health hazard.
Date prepared: 5/19/92

Product Identity: #1148 Thinner For Brushing Enamel

--- SECTION V - SPILL OR LEAK PROCEDURES ---

STEPS TO BE TAKEN IF MATERIAL IS RELEASED OR SPILLED: Caution: Combustible.
Contain spilled product by diking. Eliminate all possible ignition sources.
Provide adequate ventilation. Equip emergency responders with appropriate
personal protection equipment. Take up spill with an absorbent material and
place in non-leaking container. Seal container for proper disposal.

WASTE DISPOSAL METHOD:
Do not incinerate closed containers. Dispose of in accordance with local,
state, and federal regulations.

--- SECTION VI - HEALTH HAZARD DATA ---

PRIMARY ROUTES OF ENTRY: Inhalation and skin contact.

CARCINOGENICITY: NTP? NO  IARC? NO  OSHA REGULATED? NO

EFFECTS OF OVEREXPOSURE:
EYE CONTACT: Vapor will cause stinging sensation, tear production and slight
redness of conjunctiva. Liquid contact will produce pain and moderate
conjunctivitis. Minor cornea injury expected to last a day or so may occur.
SKIN CONTACT: Contact for a few hours may result in the development of mild to
moderate local redness and swelling. Sustained contact of many hours may
cause more severe redness and swelling and possibly the development of local
ulceration and necrosis. Can be absorbed due to prolonged contact.
BREATHING: Vapor may be irritating, causing discomfort or stinging sensations
in the nose, throat and chest with nasal discharge, coughing and difficulty
with breathing. Prolonged exposure to moderately high concentrations may cause
dizziness, headache, faintness, weakness, incoordination of movements, speech
difficulties, and loss of consciousness.
SWALLOWING: Moderately Toxic. Effects may include stinging or burning
sensation in the mouth and throat and possibly swelling and irritation
of the digestive tract. There may be nausea, vomiting, diarrhea, dizziness,
unconsciousness and possibly liver and kidney injury.
CHRONIC OVEREXPOSURE: Repeated skin contact may cause drying of the skin and
with heavy repeated skin contact there may be progressive dermatitis.

--- SECTION VII EMERGENCY AND FIRST AID PROCEDURES ---

EYE CONTACT: Wash immediately with plenty of water for 15 minutes while holding
eye lids open. Call a physician.
SKIN CONTACT: Remove any contaminated clothing and wash skin with soap
and water thoroughly. If irritation persists, get medical attention.
BREATHING: Remove victim to fresh air and provide oxygen if breathing is
difficult. Give artificial respiration if not breathing. Get medical attention.
SWALLOWING: Do not induce vomiting. Call a physician at once. If vomiting
occurs, keep head below hips to prevent aspiration of liquid into lungs.
Material Safety Data Sheet
The Testor Corporation
620 Buckbee Street
Rockford, Illinois 61104

Telephone number: (815) 962-6654 (M-F 8:00 AM - 4:30 PM CDT)
24 hour Chemtrec telephone number: *(800) 424-9300

Date prepared: 5/19/92

Product Identity: #1148 Thinner For Brushing Enamel

Section VIII - Reactivity Data

Stability: Stable.

Conditions to Avoid: Avoid contact with heat, sparks, hot surfaces, open flames, and other ignition sources.

Incompatibility (Materials to Avoid): Strong oxidizing agents.

Hazardous Decomposition Products: Carbon monoxide and unidentified organic compounds may be formed during combustion.

Hazardous Polymerization: Will not occur.

Section IX Special Protection Information

Respiratory Protection: Avoid prolonged or repeated breathing of vapors, mists and/or dusts. If exposure may or does exceed occupational exposure limits (Section II) use a NIOSH-approved respirator to prevent overexposure. In accord with 29 CFR 1910.134 use either an atmosphere-supplying respirator or an air purifying respirator with appropriate chemical/mechanical filters.

Ventilation: If the product is used in a confined area, provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below TLV(s). Heavy solvent vapors should be removed from the lower levels of area, and all ignition sources (non-explosion proof equipment) should be eliminated if flammable mixtures will be encountered.

Protective Gloves: Solvent resistant are recommended for prolonged contact.

Eye Protection: Chemical safety splash goggles.

Other Protective Equipment: Eye-Wash Station, Safety Shower, Rubber Apron, Chemical Safety Shoes, Protective Clothing.

Section X Special Precautions

Precautions To Be Taken In Handling and Storage: Read all label cautions. Store away from ignition sources in a cool well ventilated area. Handle as combustible liquid. Do not drop container.

This product is packaged and sold as a consumer good. This information is believed to be reliable and accurate, as of the date indicated. It is supplied on the condition that recipients will make their own determination as to its suitability and completeness for their purposes. The Testor Corporation assumes no responsibility for any damages resulting from reliance on this information.
