"Pursuant to Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA) and 40 CFR Part 372, this product contains or may contain a toxic chemical in a quantity subject to the reporting requirements under Section 313"

Section III - Physical Data

Boiling Range: 118-379 F.
Vapor Density: Heavier than Air: XX
Evaporation Rate: Faster than Ether:
Percent Organic Volatile by Volume: <15%
VOC: 209 Grams/Liter (Less Water)

Appearance & Odor: Clear (or tinted) viscous liquid with an alcoholic, ammonia odor.

Section IV - Fire and Explosion Hazard Data

Flammability Classification: OSHA: Combustible
                            Class: 3
                            DOT: Combustible

Flash Point: >150 F. TCC
LEL: 1.5%
UN Number: 1263

Extinguishing Media: Foam, CO2, Dry Chemical or Water Fog.
Use the above or any Class B extinguishing agent. Water may be unsuitable as an extinguishing medium, but helpful in keeping adjacent containers cool.

Special Firefighting Procedures: Firefighters and others exposed to vapors or products of combustion should wear self-contained breathing apparatus. Evacuate area of unprotected personnel. Wear protective clothing.
Unusual Fire and Explosion Hazards: Vapors may form an explosive mixture in air and may be ignited by sparks, pilot lights, etc. Closed containers may rupture when exposed to extreme heat.
