4. FIRST AID MEASURES

INHALATION: Move the exposed person to fresh air at once. Perform artificial respiration if breathing has stopped. When breathing is difficult, properly trained personnel may assist affected person by administering 100% oxygen. Keep the affected person warm and at rest. Get prompt medical attention.

INGESTION: Never make an unconscious person vomit or drink fluids. Do not induce vomiting. Get medical attention immediately.

SKIN: Remove affected person from source of contamination. Promptly wash contaminated skin with soap or mild detergent and water.
Promptly remove clothing if soaked through and wash as above. Get medical attention promptly if symptoms occur after washing.

EYES: Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes and get medical attention.

5. FIRE FIGHTING MEASURES.

EXTINGUISHING MEDIA: Alcohol resistant foam, carbon dioxide (CO2), dry chemicals, sand, dolomite etc.

SPECIAL FIRE FIGHTING PROCEDURES: Keep run-off water out of sewers and water sources. Dyke for water control. Cool containers exposed to flames with water from the side until well after the fire is out. Move container from fire area if it can be done without risk. Use water spray to reduce vapours. If risk of water pollution occurs, notify appropriate authorities.

UNUSUAL FIRE & EXPLOSION HAZARDS: May form explosive or toxic mixtures with air. May travel considerable distance to source of ignition and flash back. Vapours may ignite.

HAZARDOUS DECOMPOSITION PRODUCTS: Toxic gases/vapours/fumes of carbon monoxide (CO).

6. ACCIDENTAL RELEASE MEASURES.

SPILL CLEAN UP METHODS: Absorb small quantities with paper towels and evaporate in safe place (fume hood). Allow sufficient time for vapours to completely clear the hood ducts, then burn the paper in a location away from combustible materials. Let evaporate. Keep out of confined spaces because of explosion risk. Clean-up personnel should use respiratory and/or liquid contact protection. Extinguish all ignition sources. Avoid sparks, flames, heat and smoking. Ventilate.

7. HANDLING AND STORAGE.

USAGE PRECAUTIONS: Read and follow manufacturer’s recommendations.
