</table>

In accordance with OSHA's Hazard Communication Standard, ingredients listed in this section are those identified as being hazardous and present at concentrations greater that 1%, or greater to 0.1% if the substance is a listed carcinogen. Information concerning ingredients identified as "Proprietary" will be made available as provided in 29 CFR 1910.1200(i).

SECTION III - FIRE AND EXPLOSION HAZARD DATA

Flammable Limits: LFL 2.0 UFL 12.7

SECTION IV - HEALTH HAZARD DATA

Primary Route(s) of Exposure: Inhalation

Threshold Limit Value: N/D for mixture. See Section II for TLV of hazardous ingredients.

Effects of Overexposure:
- Acute: By Inhalation - Irritation of respiratory tract, nausea, dizziness, headache.
- By Eye Contact - Irritation.
- By Ingestion - Gastrointestinal irritation, cramps, vomiting, drowsiness, unconsciousness.
- By Skin Contact - May cause irritation.
- Chronic: Irritation of respiratory tract, skin, eyes.
- Medical Conditions Generally Aggravated by Exposure: Pre-existing skin or respiratory diseases.

SECTION V - SPECIAL PRECAUTIONS

Precautions To Be Taken In Handling And Storing: Keep containers closed. Keep away from heat, sparks and open flames.

SECTION VI - REACTIVITY DATA

Stability: Stable

Conditions To Avoid: None known

Incompatibility (Materials to Avoid): Chlorine bleaches or other active chlorine.

Hazardous Decomposition Products: Exposure to fire or equivalent temperature may liberate carbon dioxide, carbon monoxide, organic acids and other unidentified products to thermal decomposition.

Hazardous Polymerization: Will not occur.

SECTION VII - SPILL OR LEAK PROCEDURES

Steps To Be Taken In Case Material Is Released Or Spilled: For large spills, eliminate all possible sources of ignition first. Add absorbent material and remove with shovel. Pick up smaller amounts with scoop and bucket and rinse away residue with water.

Waste Disposal Method: Dispose of large quantities as ignitable hazardous waste. Small amounts may be allowed to evaporate in an outdoor enclosure, away from sources of ignition.

Hazardous Waste Classification: D001

Dispose of all waste in accordance with local, state and federal regulations.

SECTION VIII - SPECIAL PROTECTION INFORMATION

For Handling Product as Supplied:
- Respiratory Protection: Use a NIOSH-approved respirator with cartridges for ammonia and organic vapors.
- Ventilation: Use sufficient ventilation to maintain exposure below the TLV.
- Protective Gloves: Use NBR or rubber.
- Eye Protection: Chemical splash goggles.
- Other Protective Equipment: If splashing occurs when handling concentrate, wear impervious apron and/or clothing as required to avoid skin contact.

For Handling Product After Dilution For Use:
- Respiratory Protection: Not normally needed.
- Ventilation: Normal ventilation satisfactory.
- Protective Gloves: NBR or rubber.
- Eye Protection: Chemical splash goggles.
- Other Protective Equipment: Not normally needed.

SECTION IX - OCCUPATIONAL SAFETY AND HEALTH SERVICES
