If you were one of the lucky UW-Whitewater students randomly selected to complete an online survey for UHCS, please fill it out today. Follow the link on your email invitation. Once the survey is completed you will be entered in a drawing to win \$100 or one of several other prizes!

This survey is administered in colleges all over the country. The results will provide UWW and the nation with accurate information on the health behavior of college students today. Your participation is important to help us learn about our students' health and how to help our students remove any roadblocks to their academic success.
