These Greek Community Standards are the result of discussion and student self-governance in response to the Greek Benchmarks established in fall of 2008 for all Greek Chapters. Greek leaders have collaborated across governing councils and with University staff in creating a doctrine that establishes the standards by which Greek Chapters are measured and held **accountable by their community**. They exist to insure the quality and safety of the UW-W Greek experience, while providing a mechanism of accountability and recognition for the Greek Chapter’s contributions to the learning environment at UW-Whitewater. The Greek Community Standards are designed to supplement the University’s requirements for recognition and non-academic misconduct processes.

**Purpose**

The Greek Community Standards have two primary purposes. The first is to uniformly create targets of achievement for all our Greek organizations. Their second purpose is to create an opportunity for self and community review of the health of the Greek community and individual Chapters.

**Process**

1. Each Chapter will establish goals at the beginning of the fall semester in the Greek Community Standards categories and submit to Career & Leadership Development.
2. UW-W staff will review those goals with Chapter Presidents in December.
3. In April, Chapter Presidents will complete an online report of their progress in achieving their goals.
4. In May, Chapter Presidents will make an oral presentation of the Chapter’s progress and achievement to the **Greek Community Review Board**.
5. The **Greek Community Review Board** will determine if the Chapter has met the Community Standards and what incentives or deficiencies will be applied to the Chapter in the following year. Any area found in deficient status will require the Chapter to pay a $25 fine ( $15 fine if the chapter has less than 10 members) for each deficient area as well as completing the necessary actions. All fine monies will be deposited in a Standards Incentive account and used to off-set the cost of Greek Community Standard incentives. The results of the Review Board will then be forwarded to campus, Inter/National Headquarters, Board of Directors, House Corporations, Public safety agencies and other stakeholders By May 30th annually.

6. Once the statuses have been assigned the Career & Leadership Staff will work with Governing Council Presidents and Chapter Presidents to put into action incentives and deficiencies as well as communicate Chapter status to stakeholders.

**Greek Community Review Board Constituency** – (4 students, 1 Alum, 1 Community Member, 1 Faculty/Staff)

1. IFC Representative ~ appointed by IFC President
2. PHC Representative ~ appointed by PHC President
3. NPHC Representative ~ appointed by NPHC President
4. Community Representative ~ appointed by Career & Leadership Development
5. Greek Alumni Representative ~ appointed by Career & Leadership Development and will be from a different chapter each year
6. Non-Affiliated Undergraduate ~ appointed by Whitewater Student Government
7. Faculty Chapter Advisor ~ Appointed by Director of Career & Leadership Development

**Ex-Officio:**
Career & Leadership Development Leadership Advisor working with Greeks

**Longitudinal Affects**
The purpose of the standards is to address the improvement and sustaining of UW-Whitewater chapters. Due to the annual process of the Community Standards, Chapters will be communicated which standards they have achieved during the past year. The chapters as communicated by the Greek Community Review Board will follow the following outcomes, in addition to the incentives and deficiencies.

**COMMUNITY ACHIEVEMENT** – If a chapter meets or exceeds 6 of the 7 categories they will have a letter sent to their inter/national or O-board of Directors with an endorsement from both Career & Leadership Development as well as the Chancellor’s office. They will also be eligible for the Annual Chapter Excellent and Chancellor Achievement Award the following year. If the chapter meets or exceeds 7 of the 7 categorizes they will receive the above recognition as well as $300 in cash or 2 regional conference registrations for the following year paid for by the institution. In the years that 100% of the chapters receive a Community Achievement rating the Chancellor will publicly endorse the UW-W Greek experience and contribute to the recognition fund.

**COMMUNITY PROBATION** ~ If a chapter fails to meet the standard in 3 of the 7 categories or more in a given year, they are placed on Community Standards Probation (CSP). Chapters on CSP, in addition to the deficiency requirements will have their council voting rights suspended for a calendar year. They also will have to pay a $75 fine and complete all deficiencies before they will be reinstated to full rights status.

**COMMUNITY SUSPENSION** ~ If a chapter fails to meet the standard in 3 of the 7 categories or more two years in a row or they fail to meet 5 of the 7 or more in any given year, they are placed on Community Standards Suspension (CSS). Chapters with this status in addition to the Community Standards Probation requirements will not be able to participate in any Homecoming, Greek Week activities, or social activities/exchanges and will have no voting rights in their appropriate Council. Their members will not be able to hold any executive board positions on their Council. Chapters on CSS will also be required to pay a fine of $100 and complete all deficiencies before they will be reinstated to full rights status.
COMMUNITY INTERVENTION ~ If a Chapter fails to meet the standards in 6 of the 7 categories or more in a single year OR they have been placed on COMMUNITY SUSPENSION for 2 years in a row, the chapter will be placed on COMMUNITY INTERVENTION. A bi-annually meeting of chapter leaders, inter/national/BOD Alums, CLD Staff will meet and discuss the status Chapter. A re-development plan will established with specific monthly goals put in place failure to follow the plan will result in the chapter moving to Community Expulsion.

COMMUNITY EXPULSION ~ If a Chapter fails to meet the standards in 6 of the 7 categories or more in a single year OR they have been placed on COMMUNITY INTERVENTION for 2 years in a row, the chapter will be placed on COMMUNITY EXPULSION. The Greek Review Board will forward a request that UW-Whitewater not recognize the Chapter and withhold all rights and services. The Chapter will have absolutely no rights or representation from the appropriate governing Council and will not be eligible for any interaction with any other Greek Chapter regardless of their status.

Appeals-
Any Chapter wishing to appeal the status of COMMUNITY PROBATION, COMMUNITY SUSPENSION or COMMUNITY EXPULSION may do so by contacting the Career & Leadership Development staff member that works with Greeks within 5 days of being notified of the status being assigned to the Chapter. The C & LD staff member will assemble a meeting of the Greek Community Standards Appeals Board. The Board will be made up of the President of each governing council, the WSG President or Vice President and the Dean of Students. The Chapter will be asked to provide a written appeal document of no more than 1,200 words in length and will make themselves available for a question session that will be scheduled within 14 days of receipt of the appeal. The outcome of the Appeals Board is final.

Financial Support of the Standards Incentives-
Any monies generated from the Standards process will be held in a separate campus student/faculty account. All fines will be deposited in the account. The monies will solely be used to pay for the incentive costs that will be incurred in the recognition of Chapters’ achievement of standards annually. Career & Leadership Development will provide some of the non- monetary incentives free of charge. Additionally C & LD Staff will assist in the notification of the standards process to alumni and will, with the help of students, fundraise for the account.

Standards Review-
The Community Standards will be reviewed by the Greek Community Standards Review Committee in the Spring of 2010 and findings will be presented at a joint meeting of UW –W administrators and the Greek Joint Council.
