COMM 110 INTRODUCTION TO HUMAN COMMUNICATION:

This course does meet the communication requirements at UW-Whitewater.

All successfully completed PIE courses received college credit at the University of Wisconsin-Whitewater. In addition, these courses are recognized throughout the University of Wisconsin System and easily transfer for credit at all UW campuses.

PIE courses can either transfer as meeting General Education requirements that each UW campus establishes for its degree programs (generally, a minimum number of required courses in the humanities, social sciences, laboratory sciences/mathematics, etc.) or as course electives that meet the minimum 120 credits required for graduation. PIE courses are generally accepted at all other universities that accept college level work completed during a high school career. Students should check with university admissions offices to confirm how PIE courses are accepted.

This course transfers to:

University of Wisconsin – Madison as
COM ARTS 105: Public Speaking
This course does not meet the general education requirements at UW-Madison.

University of Wisconsin – Milwaukee as
