

**COLLEGE OF LETTERS AND SCIENCES Major Planning Guide**  
**GERMAN MAJOR, Bachelor of Arts – minor required**

Not an official document. Refer to Advising Report for full requirements.  
Sample Advising Reports available on-line <http://www.uww.edu/registrar/ars/index.html>

Major Planning Guides are sample programs which illustrate the type of curriculum a student will take to complete the degree in 4 years.

All students must complete a minimum of 120 credits including

- 1) at least 32 units of general education, including specific GenEd courses, as well as approved math and science, physical education and elective courses
- 2) requirements for the BA or BS Degree,
- 3) requirements for the major and for the minor if required

\* ACT/SAT scores determine which Math and English course is appropriate for you. Refer to your AR for this information and then adjust this schedule accordingly. The Planning Guide begins with the most common placement for this major.

**\*\* It is assumed that you will have sufficient foreign language background from high school to begin in the third-semester university course (German 251). If the UW System German Placement Test indicates a higher level, you will start your German studies in a more advanced course and need fewer classes to complete the German major. If, however, the UW System German Placement Test indicates a lower level, you will be starting in a lower course and need additional classes to complete the German major.**

Courses in **Bold** indicate specific courses that must be completed for the major. Other courses such as GenEd Courses or major/minor electives can be selected from a number of course choices.
