

UNIVERSITY OF WISCONSIN
WHITEWATER

COLLEGE *of* BUSINESS AND ECONOMICS

DEGREE
PLANNING
GUIDE
2015-2016

Table of Contents

This guide is intended for students pursuing a BBA in the College of Business and Economics. Other colleges may have different policies and procedures. Consult the online undergraduate catalog for up-to-date policy statements at www.uww.edu/registrar/course-catalogs.

This Degree Planning Guide and the Academic Advising Report serve as aids for students in fulfilling degree requirements. A more thorough explanation of requirements and policies can be found in the UW-Whitewater undergraduate catalog, which is an official university document. Check the online catalog for the most up-to-date information.

As a business student at UW-Whitewater you will follow a three-tier process of academic advising from the time you are a freshman to senior year. In all cases, your assigned adviser's contact information will be located within your WINS Student Center.

As a freshman (less than 24 earned units), you are advised by the advisers in the Academic Advising and Exploration Center. The center requires that you meet with your adviser twice per semester. You are assigned a personal adviser to help you transition to UW-Whitewater. He or she will assist you in becoming familiar with common advising procedures, practices and considerations so that you will be confident in navigating your requirements as your academic career progresses. Walk-in hours are available if you need advising outside of your standard appointments.

As a sophomore (24 or more earned units), you are assigned an adviser in the College of Business and Economics prior to the start of your sophomore year. You will maintain this relationship until you have been admitted to upper division courses. An email will be sent to all new sophomores early in the fall and spring semesters detailing the upcoming advising process prior to your registration for classes. At this point you should be oriented to the university, knowledgeable about General Education, and ready to become more involved in your declared major. Advising is a required process that is overviewed in a personal Academic Advising resource page within your D2L account. You cannot register for classes in the fall and spring semesters without completing your academic advising requirement. At this stage you will be required to attend an announced group advising session or complete an online advising exercise intended to help you prepare for registration for the following semester. Your "hold" will be removed after completion of the group session or online exercise. See your Academic Advising link in D2L for details about your responsibilities. Walk-in hours are also available to you for quick answers to questions. See your adviser's walk-in hours as posted in your D2L advising page. You cannot get your registration hold removed during a walk-in visit. If you would like to schedule a 30-minute appointment with your adviser, call 262-472-3216.

Once admitted to upper division courses (54+ earned credits), you are assigned a faculty adviser in the department of your major just prior to the beginning of the semester that you start taking upper division courses. At this stage of advising you are expected

to take a more proactive approach and are encouraged to reach out to your faculty adviser as often as necessary. If you find that your faculty adviser is not available to you, you may visit the department of your major to inquire about assistance from the department chairperson.

The advising relationship

Your adviser is ready to answer any questions related to your university experience. Contact your adviser anytime you need to know where to turn for help or what consequences you should consider when making academic choices.

- Be prepared.
- Schedule appointments in advance.
- Review your Academic Advising Report (AAR) and note areas that are not yet completed.
- Bring your Degree Planning Guide and a copy of your AAR to your group or one-on-one meeting.
- Review the schedule of classes for tentative course selection.
- Be prepared with a list of questions or concerns that you would like to discuss.
- Check the catalog for policies.
- Follow through on actions that you have discussed.

Advising holds

In the freshman and sophomore years you are required to fulfill your academic advising responsibility in order to register. A hold is placed on your record to ensure that you are fully informed and prepared to register. Your adviser will notify you about important dates and details that will provide you with understanding of how you can be advised and get your hold released. Watch your email for this information.

After admission to upper division courses you will be advised by a faculty member in your department. Each department approaches advising uniquely and may or may not place a hold on your account prior to registration.

Note: Although you cannot enroll in classes without seeing an adviser, you can use the WINS system for other functions such as viewing your registration time, checking for open classes and more.

Other holds

You may have other holds—financial, parking office, library. Be sure to clear them before you register.

Assistant dean's office Hyland Hall 4300 ■ 262-472-4900

The assistant dean of the College of Business and Economics handles appeals for courses, policies, late adds and drops, and degree requirements. This office is also responsible for approving you for graduation.

Sophomore advising and multicultural programs Hyland Hall 4302 ■ 262-472-3216

This office provides advising support to students 8 a.m.-4:30 p.m. on weekdays throughout the summer and academic year. Our staff will help you clarify procedural questions. It may be necessary to schedule an advising appointment with your assigned adviser for appropriate assistance.

Department offices

Visit the department office for more information about major and minor requirements and career options.

The department chairperson is also the person to whom you can appeal for special courses and exceptions in your academic plan. The department chairperson can also override course prerequisites for registration (if you have legitimate reasons for the request), except for grade-point average requirements and admission to the upper division.

Personal portfolio

As early as your freshman year, begin an account of your interests, activities, work experience, special projects and skills. You may want to note areas or topics in the major that interests you, or describe special learning activities in which you have participated. Keeping these notes in an organized fashion will be invaluable as you begin writing resumes, letters and applications for jobs or graduate schools. The more detail you can accumulate, the more convincing your applications will be. You may also find that keeping these notes will intensify your academic experience and help you become a better student.

Internships

Internships are a hands-on approach to learning. College of Business and Economics students may participate in internships to gain experience in business settings. Students can work for businesses or other organizations in their selected fields, experiencing valuable real-world situations. Internships may improve students' marketability for their career job searches as well as providing opportunities to see if careers, industries or even individual businesses are what the students were truly seeking.

Some internship experiences may count for credit toward graduation. A student cannot earn internship credit prior to admission to upper division business courses. Each department within the College of Business and Economics has an internship coordinator. Students should contact internship coordinators for their major fields to determine policies for internship credit and to get more information on internships specific to a particular major. A list of internship coordinators can be found at www.uww.edu/cobe/undergrad/internships.

Community service

All business majors are required to complete 20 hours of community service prior to registering for MANGEMNT 489, which is a senior-level, required course for all business majors. Students will not receive their diplomas without having this requirement recorded and documented in the assistant dean's office.

Community service helps students see how their goodwill can have a positive effect on other people, organizations and entire communities. This require-

ment also provides leadership opportunities for students outside of their campus experiences and instills a habit of accepting an ethical responsibility for the public good.

Community service must meet these criteria:

- Pay cannot be received for the work done.
- Work is done for a not-for-profit entity.
- An effort is made to help a community above and beyond personal responsibilities. For example, visiting a nursing home through a program would qualify as community service, but visiting a relative in a nursing home would not qualify. Participating in an activity sponsored by a community service organization would qualify, but membership to the organization alone would not qualify.
- Court-ordered community service will not count toward this requirement.
- You may participate in several different activities to complete the required 20 hours. Submit a different form for each activity.

To record and bank your community service hours, use the community service form available on page 27. You must turn in completed forms to Hyland Hall 4300, or have a letter sent to the assistant dean that includes the following:

- The name of the organization.
- The number of hours and dates worked.
- A description of the work performed.
- A contact person for the organization who can verify the information with the contact person's telephone number and signature.

Send or bring the completed form to the assistant dean's office in Hyland Hall 4300. If you are not certain that the service you perform will count as community service, contact the assistant dean's office at 262-472-4900.

General Education

The General Education program follows the research conducted by the Liberal Education and America's Promise (LEAP) initiative to provide an education that emphasizes broad knowledge of the wider world and prepares students to deal with complexity, diversity and change.

The General Education program teaches students to:

- 1 Think critically and analytically, integrate and synthesize knowledge, and draw conclusions from complex information.
- 2 Make sound ethical and value judgments based on the development of a personal value system, on an understanding of the cultural heritage that students share, and on a knowledge of past successes, failures, and consequences of individual roles and societal choices.
- 3 Understand and appreciate the cultures of the United States and other countries, both contemporary and historical; appreciate cultural diversity; and live responsibly in an interdependent world.
- 4 Acquire a base of knowledge common to educated persons and the capacity to expand that base over their lifetimes by understanding the ways that knowledge is generated, organized, tested, and modified, while recognizing the past and current limits to understanding.
- 5 Communicate effectively in written, oral and symbolic form with an appreciation of aesthetic and logical considerations in conveying ideas.
- 6 Understand the natural and physical world; the process by which scientific concepts are developed, tested and modified; and the reliability and limitations of scientific knowledge.
- 7 Appreciate the importance of the fine and performing arts.
- 8 Develop the mathematical and quantitative skills necessary for calculation, analysis and problem solving, and the ability to use a computer when appropriate.
- 9 Understand the factors and habits that are essential for continuous mental and physical health and well-being, and evaluate the information and advice offered on these topics.

General Education notes

Communication and calculation courses (13 units or waivers) should be completed within your first 60 units (by the beginning of your junior year). **Any required developmental courses must be taken before enrolling in English or math.**

ENGLISH 101 and 102

- You may be waived from ENGLISH 101 with an ACT English subscore of 30 and higher.
- If English is your second language, you may choose ENGLISH 161 and 162 to complete this requirement.
- If you are an Honors Program student with an ACT English subscore of 24 or higher, you may choose to take ENGLISH 105. This Honors course will fulfill both ENGLISH 101 and 102.

MATH 141

- This requirement may be waived by a math placement exam.
- CoBE majors should take MATH 141. MATH 140 will not fulfill business requirements.
- You will need a C or better in MATH 141 to proceed to a higher level math course, economics courses and for some science courses.

COMM 110

- You can take a test for credit if you believe you have the knowledge and skills for this course. Contact the Testing Office for information at 262-472-5613.

Gen Ed requirements for transfer students

Transfer students who are bringing in 21 or more transfer units will have some different Gen Ed requirements. See page 8 for details.

For more information about the General Education program and its requirements, contact the assistant dean and General Education coordinator, College of Letters and Sciences, 262-472-1621.

General Education

Developmental courses (if needed)

Communication and calculation skills

- ENGLISH 101 and 102
- MATH 141
- COMM 110

University requirements

U.S. Racial/Ethnic Diversity Course

University requirements (32 units)

Quantitative and technical reasoning (7-11 units)

- (GL) lab science
- (GM or GL) MATH 143

Cultural heritages (6 units)

- GENED 110: World of the Arts
- GENED 390: World of Ideas

Communities (6 units)

- GENED 130: Individual and Society
- GENED 140: Global Perspectives OR GENED 120: Historical Perspectives

Personal health and well-being (1 unit)

- PE General 192 Personal Health and Fitness for Life

Electives (8-12 units)

- Select from courses in the arts (GA), humanities (GH), social sciences (GS), race and ethnic cultures/women's studies (GE), interdisciplinary courses (GI), and may include 1 unit of physical education (GP).
- Fulfilling all requirements does not guarantee 120 units.
- Not all course work will fulfill a requirement.

College requirements

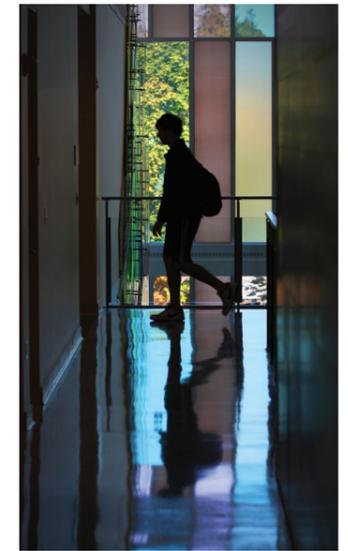

- 20 hours community service
- Lower-level requirements not requiring 24 units and 2.5 GPA
- Lower-level requirements requiring 24 units and 2.5 GPA
- Other lower-level or non-business courses required for major
- Upper division business core

Major

See four-year planning sheets, AAR, and/or online catalog.

Minor

(optional, not required for CoBE majors) See four-year planning sheets, AAR, and/or online catalog. See page 15 for minors available to CoBE students.

Core courses

Note: Students who transfer 21 or more units must complete a different General Education program. See page 8 for details.

Transfer students in the College of Business and Economics

Evaluation of transfer courses

Students must submit transcripts to the Admissions Office from all institutions attended (including high school). Admissions will evaluate the coursework and post it to the student's record. General Education requirements for each student are then reviewed by the assistant dean of the College of Letters and Sciences and General Education coordinator. This record includes what students identify on their admission application as currently enrolled courses ("tentative courses").

"TNT" on the Academic Advising Report stands for "Transfer Tentative." This means that the Admissions Office has not yet received final transcripts. If a student does not successfully complete tentative coursework, his or her Gen Ed requirements could change. (Students who fail to submit final transcripts will have a registration hold placed on their record by Admissions.)

Transfer electives

Transfer courses may be assigned a "999" course number (such as English 999). These courses will count for credit, but may not fulfill requirements until the courses have been evaluated by the appropriate departments. Courses denoted as "9999" have been approved for General Education credit. They will include a letter code for an area of Gen Ed (eg. 9999A/, for arts).

General Education requirements for transfer students

STUDENTS WITH FEWER THAN 21 TRANSFER UNITS are treated as new freshmen and should follow the General Education program as outlined on page 7 in this guide. (Also available in the undergraduate catalog or at www.uw.edu/aaec/classes/general.)

STUDENTS WHO HAVE EARNED AN ASSOCIATE DEGREE (Associate of Arts, Associate of Science or Associate of Arts and Sciences) from an approved General Education transfer program are waived from all university General Education requirements (including GENED 390: World of Ideas).

Students must still complete specific UW-Whitewater requirements for their degree (e.g. B.A., BBA, B.S., BSE), for their majors, and their minors. The diversity requirement is waived for some associate degrees, but not others. Students should check their advising report and contact the Admissions Office if they have questions about their degree.

Appeals

Within a year of a student's first enrollment, he or she can request that Admissions re-evaluate a course.

Students may also appeal to an academic office to have a transfer course substituted for a course in the curriculum:

ENGLISH 101 and 102
English Department, Laurentide 3209

Math
Math Department, Laurentide 2205

COMM 110
Communications Department, Heide 464

Gen Ed and diversity
Assistant dean, College of Letters and Sciences
Laurentide 4106

Major and minor
department offices

Repeating transfer courses

Students may repeat a grade of C- or lower that they received at their former institution by taking an equivalent course at UW-Whitewater. Courses that are evaluated as "999" cannot be repeated at UW-Whitewater. These repeats are subject to other repeat rules (see the university catalog). It is best to consult an adviser before repeating a course.

STUDENTS WITH 21 OR MORE TRANSFER UNITS (without an approved associate degree)

will need to complete 32-44 units of General Education requirements listed below AND fulfill the U.S. Racial/Ethnic Diversity Course requirement.

I. COMMUNICATION AND CALCULATION SKILLS (12 units or waivers)

ENGLISH 101: Freshman English
ENGLISH 102: Freshman English
COMM 110: Introduction to Human Communication
MATH 141: Intermediate Algebra

II. QUANTITATIVE AND TECHNICAL REASONING (12 units)

Selected from science, math and computer science courses from at least two different disciplines.

- At least one course must be a 4-5 unit laboratory science.
- One course must be Math 143: Finite Mathematics for Business and Social Sciences

III. CORE CURRICULUM/BREADTH REQUIREMENTS (12 units)

Fulfill the Cultural Heritages and Communities breadth requirements with a combination of UW-Whitewater core courses (designated with the prefix Gen Ed) and other arts, humanities and social sciences courses.

STUDENTS WITH 21-39.9 TRANSFER UNITS

A. Cultural Heritages (6 units)

- One course designated as Gen Ed Arts (GA)
- GENED 390: The World of Ideas

B. Communities (6 units)

- One course designated as Gen Ed Social Sciences (GS)
- One course designated as Gen Ed Humanities (GH)

Each student will be assigned a core course (Gen Ed 110 or 120 or 130 or 140) to take the place of ONE of the above breadth areas (GA, GS, or GH). This additional core course will be determined by the assistant dean of Letters and Sciences and is indicated on students' Academic Advising Report.

STUDENTS WITH 40 OR MORE TRANSFER UNITS

A. Cultural Heritages (6 units)

- One course designated as Gen Ed Arts (GA)
- GENED 390: The World of Ideas

B. Communities (6 units)

- One course designated as Gen Ed Social Sciences (GS)
- One course designated as Gen Ed Humanities (GH)

IV. PHYSICAL HEALTH AND WELL-BEING (1 unit)

1 unit of Gen Ed Physical Education (GP) courses

V. Breadth Electives (8-16 units)

Select from courses in the arts (GA), humanities (GH), social sciences (GS), race and ethnic cultures/women's studies (GE), interdisciplinary courses (GI), and 1 unit of physical education (GP). (No more than one course from each academic discipline may be counted in the electives. Exception: 2 GP courses may be used for a maximum of 1 unit of elective.)

Understanding the Academic Advising Report

The Academic Advising Report (AAR) is used to help track your progress in your declared academic program. It matches your coursework to requirements. In general, it will “unbold” requirements when they are completed. The AAR is used to assist with graduation approval. You should use the AAR as a tool along with the undergraduate catalog, schedule of classes, and adviser recommendations. The AAR has two sections: a section of General Education requirements that are required for all students at UW-Whitewater, and the section of requirements specific to you as a business degree-seeking student.

Please note the following areas:

ADMISSION TO UPPER DIVISION BUSINESS COURSES MILESTONE REQUIRES COMPLETION OF (OR ENROLLMENT IN) ALL LOWER DIVISION BUSINESS REQUIREMENTS, 54 UNITS TOWARDS DEGREE AND 2.80 GPA.

I. A MINIMUM OF 120 UNITS, A UW-WHITWATER CUM GPA OF 2.00 AND FULFILLMENT OF ALL ACADEMIC REQUIREMENTS ARE REQUIRED TO GRADUATE. SOME PROGRAMS REQUIRE A GPA HIGHER THAN 2.00 AND/OR MORE THAN 120 UNITS FOR ADMISSION, RETENTION AND GRADUATION. A COMBINED GPA MAY BE USED.

120 UNITS
> Units: 120.00 required

2.00 UW-Whitewater GPA - (Any coursework prior to 1979 is not reflected in UW-Whitewater cumulative totals.)
> GPA: 2.000 required, 0.000 actual

COMBINED GPA - (The combined GPA reflects all UW-Whitewater and transfer coursework. The combined GPA for transfer students prior to summer 2001 reflects only those transfer courses accepted for credit by UW-Whitewater.)
> GPA: 2.000 required

II. DEVELOPMENTAL SKILLS

ACT test scores and placement exams determine whether developmental math and English would be required in this section. A “W” connected to the course would indicate being waived from the course based on the math placement or ACT score or English sub score. If no waivers are present, the course(s) showing as bold would need to be completed.

III. COMMUNICATION AND CALCULATION SKILLS

A. COMMUNICATION SKILLS

(3 courses or waivers, must be completed within first 60 units.)

- > Courses: 3.00 required
- ENGLISH 101: Freshman English OR ENGLISH 105: Honors English (honors students only)
 - ENGLISH 102: Freshman English (pre-req ENGLISH 101)
 - COMM 110: Intro to Human Communication

B. CALCULATION SKILLS

- > Courses: 1.00 required
- MATH 141: Intermediate Algebra (pre-req) waiver of C or better in MATH 41

IV. UNIVERSITY REQUIREMENTS

> Units: 32.00 required

A. QUANTITATIVE & TECHNICAL REASONING (7-11 UNITS)

> Units: 7.00 required

- 4 or 5 unit General Lab Science (GL)
- MATH 143: Finite Mathematics for Business and Social Sciences OR any earned Calculus credit will count here

B. CULTURAL HERITAGES (6 UNITS)

- > Units: 6.00 required
- GENED 110: World of the Arts OR General Arts (GA) course for transfer students
 - GENED 390: World of Ideas (requires junior standing)

C. COMMUNITIES (6 UNITS)

- > Units: 6.00 required
- GENED 130: Individual and Society OR General Social Science course (GS) for transfer students
 - GENED 140: Global Perspectives OR GENED 120: Historical Perspectives OR General Humanities (GH) course for transfer students

D. PHYSICAL HEALTH and WELL-BEING (1 UNIT)

- PEGNRL 192: Personal Health and Fitness for Life OR General Physical Education course (GP) for transfer students

E. ELECTIVES (8-12 UNITS TO TOTAL 32 UNITS).

ADDITIONAL ELECTIVES DESIGNATED GA, GE, GH, GS, GI, and GP

- Choose any from elective categories general arts, ethnic cultures/women’s studies, humanities, social science, interdisciplinary studies, and general physical education. May not take one class within the same subject. For example, you could not select two art classes, but could select two GA courses such as an art and a theater class.

V. U.S. RACIAL/ETHNIC DIVERSITY COURSE

> Courses: 1.00 required-Choose one course designated as a diversity course (DV).

Many diversity courses could also count in letter E above as a General Education elective

VI. COLLEGE OF BUSINESS AND ECONOMICS BBA DEGREE REQUIREMENTS

> Units: 46.00 required

A. COMMUNITY SERVICE REQUIREMENT

All BBA students are required to complete 20 hours of community service prior to enrollment in the senior-level capstone course, MANGEMNT 489: Administrative Policy.

B. INTERNATIONAL REQUIREMENT

>Courses: 1.00 required

Choose one international course from any of the three listed groups of courses on your AAR.

C. DEGREE UNIQUE REQUIREMENTS

> Courses: 3.00 required

- BEINDP 101 Business and Society
- MATH 143: Finite Business Math (pre-req C or better in MATH 141) OR any Calculus credit or MATH 152: Elementary Functions
- ECON 201: Micro-Economics (pre-req C or better in MATH 141) and ECON 202: Macro-Economics (pre-req ECON 201)

D. BUSINESS COLLEGE LOWER DIVISION DEGREE REQUIREMENTS

> Units: 12.00 required

These courses require 24 or more earned units and a 2.5 combined GPA:

- ACCOUNT 244: Intro to Financial Accounting
- ACCOUNT 249: Managerial Accounting (Pre-req ACCOUNT 244)
- BEINDP 290: Business Writing
- BEINDP 288: Career Information
- ECON 245: Business Statistics (pre-req of C or better in MATH 143 or Calculus or MATH 152)
- ITSCM 280: Intro to Information Systems

E. UNIQUE REQUIREMENTS FOR MAJOR

Some business majors may or may not have this section showing additional course requirements for their major.

F. UPPER DIVISION BUSINESS COURSES REQUIRED FOR ALL BUSINESS MAJORS.

FNBSLW 341, FNSBLW 344, ITSCM 306, MANGEMENT 301, MARKETNG 311

Admission to upper division courses milestone must be complete prior to enrolling in these courses. These include the junior-level core business courses, senior capstone course, and major courses.

VII. BUSINESS MAJOR REQUIREMENTS

> GPA: 2.500 required

All cumulative major-specific courses require a 2.5 minimum combined GPA to graduate

VIII. BBA DISTRIBUTIONAL REQUIREMENTS

A. ELECTIVE BUSINESS COURSES AND BUSINESS GPA

> GPA: 2.500 required

All cumulative business courses require a combined GPA of a 2.5 minimum to graduate

Personalization

Often there will be a section of the AAR that states "personalization required" or indicates that the courses for that requirement must be selected "in consultation with your adviser." For these requirements, **YOU MUST TAKE ACTION** to have the department or college office put those courses in that section.

The record sheet at the end of this guide will allow you to keep notes on the personalizations that have been approved.

Unique requirements

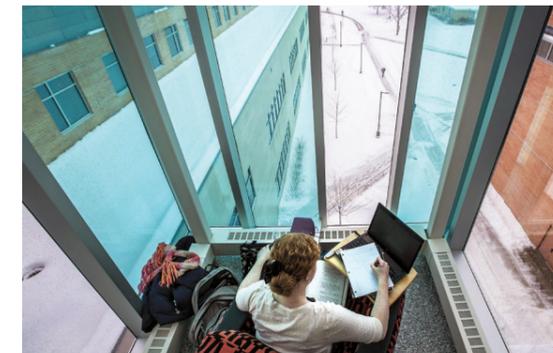

These are requirements that are needed for a major or minor, but are not actually courses counted in the

Academic year

Students are responsible for completing the requirements that were in effect when they declared their major and minor. The four-digit number following the major/minor heading on the AAR indicates the effective academic year for the student.

AAR Academic Advising Report

The Academic Advising Report is a report that sorts the courses into academic requirements. The AAR does not monitor all policies that govern an academic program.

AAR codes

- EN Enrolled (coursework completed at UW-Whitewater)
- IP Requirement in progress
- TR Transfer course
- TE Test waiver or test credit
- TNT Transfer tentative, pending receipt of final transcripts in Admissions Office

Course/grade

- R Retro credit (foreign language only)
- T Test
- W (for a requirement or for a course such as ENGLISH 090W) – waiver/waived – Requirement is waived, no credit awarded
- W (when used as a grade) indicates a student dropped or withdrew from a course
- EX Course taken through an approved exam program (Advanced Placement, CLEP, department test, etc.) usually awarded credit

General Education designations

GA, GE, GH, GI, GM, GL, GS indicate courses approved for Gen Ed. See designation definitions on page 7.

Milestone

Some majors have non-course requirements that must be fulfilled, such as a departmental exit interview. Students should contact their department office for information on fulfilling these requirements.

Repeat codes

First attempt expunged: the grade has been removed from the UW-Whitewater GPA.

Repeated for credit: this course now carries the credit and GPA points.

Repeated for no credit: this course repeat was not allowed to count in the GPA by UW-Whitewater policy.

Unique requirements

Courses that are required for the major, but not counted as units within the major. (They are often prerequisites for courses in the major.)

999 elective

The generic number assigned to a transfer course when there is no direct match to a UW-Whitewater course. These courses may have to be approved for the different areas of the curriculum.

Communication and Calculation – Department chair of English, communication or math

Gen Ed – Assistant dean of Letters and Sciences (coordinator of General Education)

Degree – college office of the major

Major/Minor – Department chairpersons

9999 elective (followed by a letter)

The generic number assigned to a transfer course when there is no direct match to a UW-Whitewater course, but the course has been approved for Gen Ed. The end letter represents the General Education designation.

Example:

Course	Grade	Code
HISTORY 154: EX History of Modern Europe	T	TE

Many students begin as freshmen at UW-Whitewater without chosen majors. Not declaring a major allows them time to explore different courses, learn about each college, and discover what future careers most interest them.

If you're not sure what to major in, think about the types of courses that interest you. What courses did you enjoy in elementary, middle and high school? Think about careers you would enjoy, and talk to people in those fields. Ask them how they found their careers, and what they believe would be the most useful major to prepare for their positions.

Many students get involved with student organizations on campus to learn about fields of study from their peers and to network with professionals and speakers. Visit the student involvement directory at www.uww.edu/CoBE/undergrad/choosingamajor to find student organizations that would interest you.

The College of Business and Economics has a specialized career counselor located in Hyland Hall 4300. Make an appointment to see the business career counselor to gain guidance in exploring the various fields of business. Contact the Career and Leadership Development Office to schedule an appointment.

It is also a good idea to talk to faculty and staff in the department(s) with majors you are considering. Make an appointment to talk with a faculty member about opportunities and expectations for majors that interest you.

Choosing a business major

The assistant dean's office in Hyland Hall 4300 has information on each business major. You may also make an appointment with your adviser to discuss what option would be best for you. If you still have

questions, visit the individual departments for more in-depth information on your major.

As a junior, after admission to your major, you'll be required to take foundation courses in all areas of business. Many students decide on a major after sampling these courses. The four-year planning sheets will give you an idea of the courses you would take for each major.

Get involved in one or more student business organizations. It's a great place to meet other students, build leadership experience and network with alumni, guest speakers and faculty. The students who are most informed and best prepared for the future take advantage of the business organization opportunities.

Changing from a business to a non-business major

If you are planning to change your major, please do so as soon as possible. You can then get an updated Academic Advising Report (AAR) for the course selection and registration advising meetings.

If you are currently a business major but plan to change to a non-business major, you do not need to attend a business advising session provided that you complete the major change process. If you are in this situation, you should come to Hyland Hall 4300 to request a major change form. After completing the form and taking a copy of the form to the office of your new major, your major will be changed. When this change is processed electronically, your business advising hold will be removed.

Warning: If you change from business to a non-business major and take business courses when your GPA is less than 2.50, you cannot change back to a business major without permission of the College of Business and Economics. Permission is not likely.

Changing majors within the College of Business and Economics

If you have not been admitted to upper division business courses, you should come to the assistant dean's office in Hyland Hall 4300 to complete a major/minor change form.

If you have been admitted to upper division business courses, you should go to the department of your current major to complete the major/minor change form. You will then be directed to the next step in the process.

Majors in the College of Business and Economics

All business majors earn a Bachelor of Business Administration (BBA).

Accounting

Economics

Entrepreneurship

Finance

(honors emphasis available in all areas)

- Financial Planning emphasis
- Insurance emphasis
- Real Estate emphasis

General Business

General Management

Human Resource Management

Information Technology

- Business Analysis emphasis
- Business Application Development emphasis
- Networking and Security emphasis

Integrated Science Business

- Water emphasis

International Business

Marketing

- Digital Marketing
- Professional Sales emphasis
- Retail Management

Supply Chain Management and Operations

- Project Management emphasis

Business Undecided

Approved minors for CoBE majors

CoBE majors do not require the completion of a minor. Students choosing to earn an optional minor should consult with their advisers. **CoBE students can choose a minor from any college outside the College of Business and Economics.** Business minors available to CoBE majors are:

Economics (Letters and Sciences emphasis)

Information Technology

International Business

Water Business

Business Data Analytics

4-year major/minor planning sheets and certificates

Each major and minor in the College of Business and Economics is outlined in the form of a planning sheet that allows you to follow a suggested path of courses to complete your major or minor in an efficient manner. These check sheets are very helpful when paired with your Academic Advising Report to ensure progress without misunderstanding the requirements for your major or minor. We recommend you obtain a planning sheet and review it regularly each semester.

Four-year major planning sheets are available in Hyland Hall 4303 and online at www.uww.edu/CoBE/undergrad/majors.

Minor planning sheets are available at www.uww.edu/CoBE/undergrad/minors.

Eligibility for business course enrollment

Declaring a business major

Students at UW-Whitewater may declare a business major at any point in their studies.

The minimum combined GPA requirement for declaring a business major varies, depending on the number of units you have earned. The requirements are:

- less than 24 units: 2.0 combined GPA
- 24-72 units: 2.5 combined GPA
- 73+ units: 2.8 GPA

Lower division course (200-level) eligibility

Students pursuing a Bachelor of Business Administration and all integrated science business majors must achieve 24 units and maintain a 2.50 combined GPA or better in order to take lower division business courses except BEINDP 101, BEINDP 296, BEINDP 200, BEINDP 293, ECON 201 and ECON 202. Grades received for all appropriate college courses taken at other institutions will be included in determining the student's grade-point average eligibility for enrolling in business courses.

Business minors and non-business minors required to take business courses must have at least a 2.00 GPA and 24 units completed to enroll in lower division (200-level) business courses required in the minor.

Non-business majors who are required or who may elect to take business courses in the major must have the GPA required in the major and must have completed 24 units to take lower division (200-level) business courses.

Upper division (300/400-level) eligibility

Students in the BBA curriculum and all integrated science business majors are not eligible to enroll in the College of Business and Economics 300- and 400-level courses unless they have been admitted to upper division courses and have at least a 2.50 combined GPA. Transfer students must maintain a combined GPA (transfer and UW-Whitewater) of 2.50 to continue eligibility.

Business minors must have a 2.00 GPA and 60 units completed to enroll in upper division (300 or 400-level) business courses. In order to graduate with a business minor, the student must have a 2.25 GPA in the minor.

Satisfactory/no credit grading may not be used in any business course or any BBA degree requirement unless offered on an S/NC basis only. Courses in the College of Business and Economics may not be taken on an audit basis. A course cannot be used to satisfy both a BBA degree and a major requirement.

Non-business majors who are required or who may elect to take 300- or 400-level business courses must have completed 60 units and have a 2.00 GPA to take upper division (300- and 400-level) business courses.

Non-business majors who are not required to take business courses in the major may register for business courses during the first week of classes if all course prerequisites and units completed (24 for lower division or 60 for upper division) are met, and the student has a 2.50 combined grade-point average.

Admission to upper division business courses

When a student is projected to complete at least 54 units and has satisfactorily completed or is enrolled in BEINDP 101, BEINDP 290, ENGLISH 101, ENGLISH 102, COMM 110, ACCOUNT 244, ACCOUNT 249 or ACCOUNT 261; ECON 201, ECON 202, ITSCM 280, MATH 143, and ECON 245, the student may apply for admission to the upper division business courses. All students with at least a 2.80 combined GPA will be admitted.

Declared business students are able to apply online for admission to upper division courses using a link available within their D2L (Desire to Learn) account. All students who are not yet admitted to upper division courses are provided a business advising resource page in D2L that also details all information about important dates and registration procedures.

If you don't meet the grade-point average admission requirements

If your grade-point average does not meet the requirements and you have not taken college courses in the last five years, you should ask about our forgiveness policy.

Students who do not meet the 2.8 GPA requirement may be admitted based on an 8-point formula. This formula considers the cumulative combined GPA and the GPA earned in the following 12 courses: ENGLISH 101, ENGLISH 102, BEINDP 101, BEINDP 290, COMM 110, MATH 143, ECON 201, ECON 202, ACCOUNT 244, ACCOUNT 249/261, ECON 245, ITSCM 280.

The computation is:

(2 x combined GPA) + cumulative average GPA of these 10 courses = _____

If the result is 8 or more, the student will meet the GPA requirement. This computation is not done until the end of the semester in which the student applies. An online 8-point formula calculator is available at www.uww.edu/cobe/undergrad/bbaadmissions.

Freshman and sophomores may repeat for no credit a maximum of three College of Business and Economics classes in which grades of C were earned to meet this 8-point criterion. The new grade will not replace the C, but will be used by the college to determine eligibility for admission. It will not raise the official combined GPA.

Enrollment preference in all business courses will be given to the following officially declared majors and minors:

- All BBA majors; integrated science and business; business education; other non-business majors with business course requirements.
- Business minors; arts management minors; other minors with business course requirements.

Common examinations

Certain courses have common exams during the semester when all sections will be tested at the same time. Students should not schedule other classes at those times.

Registering for classes

Registering for classes

1. Click on "Self Service"
2. Click on "Student Center"
3. Under the Academics section click "Enroll"
4. Select the term you are enrolling in (e.g. Fall 2014) and click "Continue"
5. Key in the 4-digit class number in the "Enter Class Nbr Field" and click "Enter" or select "Search" to perform a class search from the find class section.
6. From the class search results, click "Select Class" for the section of the course you are requesting.
7. Verify the course that you are adding and click "Next" to proceed (or you may repeat Step 3 to add more courses to your enrollment shopping cart).
8. Next, click "Proceed to Step 2 of 3" to confirm the course(s) that you are about to request enrollment into.
9. Click "Finish Enrolling" to complete the enrollment request process.

Dropping a class

1. Click on "Self Service"
2. Click on "Student Center"
3. Under the academics section click "Enroll"
4. Select the term you are enrolling in (e.g. Fall 2014) and click "Continue"
5. Select the course you wish to drop by checking the select box appearing before the course.
6. Click "Drop Selected Class."
7. Confirm the status of the drop.

For additional WINS tutorials, visit www.uww.edu/registrar/wins/how-to/student.

Definition of terms

Registration priority

Unless you are part of a special group (e.g. Honors), your registration priority is determined by your earned units. Within unit levels, you will be assigned a random time. That priority time is when your registration time slot opens. The "ending time" is not in effect: You can continue making changes until early in the semester.

Course requisites

Course requisites are courses or conditions that must be fulfilled before you can enroll in a course. They may be major/minor, level, GPA, units, or courses. Courses that you are currently taking when you register are used to fulfill prerequisites. Check the schedule of classes for prerequisites.

Prerequisite: Must have completed the course restriction before enrolling for the course.

Co-requisite: A course that must be completed OR concurrently enrolled in.

Permissions and overrides

A permission is an authorization given by a department or college office to let you register for a class with special circumstances. If you receive a permission, you must also register for the class on WINS.

Academic level

Freshman= 0-23.99 units
Sophomore= 24-59.9 units
Junior=60-89.99 units*
Senior= 90-120+ units

*Students who have been admitted to the upper division may register for junior-level business courses with 54 or more units.

Credit load

Full-time= 12-18 units

Overload

If you wish to take more than 18 units for the semester, you must appeal to the assistant dean for approval. Remember, undergraduate fees increase for each credit taken over 18. If you are on probation, and wish to take more than 15 units, appeal to Academic Standards.

Excess units policy

The University of Wisconsin System Board of Regents has established an Excess Units Policy requiring resident undergraduate students to pay a surcharge for all units beyond 165 that are earned toward their first undergraduate degree. This policy includes all earned units from UW-Whitewater as well as earned units from other UW System schools or Wisconsin Technical

College System (WTCS) schools that are accepted for your degree. Units from non-UW or non-WTCS schools do not count toward this policy, nor do Advanced Placement, retroactive, exam and remedial units. Contact the Registrar's Office for more information.

Late drops and adds of courses

You may appeal to add or drop a course after the deadline if there are extenuating circumstances. Contact the department of the course for forms and instructions.

Repeating courses for grade and unit replacement

A course in which a grade of C- or below (C-, D+, D, D-, F or NC) was originally earned may be repeated once for grade and earned unit replacement. The grade and units earned for the repeated course will replace those earned in the initial attempt when calculating grade-point average and units toward degree, but all attempts will remain on the transcript. A course can be repeated only once. Students may not take the same course for unit and grade replacement more than once unless the course is identified in the undergraduate catalog as repeatable.

To appeal for additional course attempts, contact the advising coordinator of your college. For students in CoBE, contact the CoBE advising office, Hyland Hall 4302, businessadvising@uww.edu. Additional policies limit the course repeat policy. Before repeating courses, see the complete policy statement at www.uww.edu/cobe/aboutthecollege/repeatpolicy.

Satisfactory/no credit option

You may choose to take up to 15 units for S/NC. A grade of S indicates a C or better in the class. You will receive a grade of NC (no credit) if the work is equivalent to a C- or lower. In neither case will your grade affect your GPA. You cannot take a course for S/NC if the course is used for your major or minor or is a Gen Ed core course.

The decision to take a course for S/NC must be recorded by the 10th day of class for 17-week courses and by the end of the second day of class for short courses. You can select the S/NC option when you register for the course, but after registration, you must contact the Registrar's Office for changes in the grading basis. Consult the undergraduate catalog for the complete policy statement.

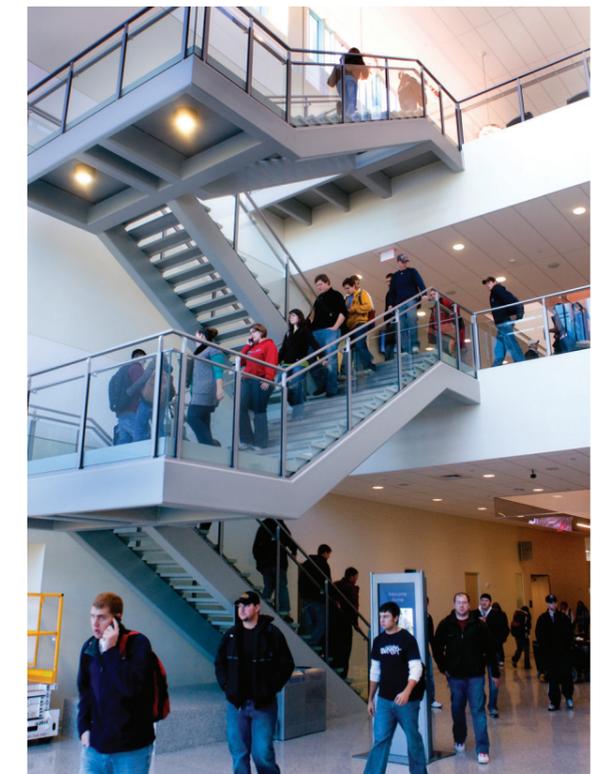

Summer registration

Summer registration begins in February. Registration is first-come, first-served, and the process differs from the regular semester registration. For a regular semester's registration, business majors are required to have the 2.50 GPA or the 2.80 for admission prior to registering for classes. For summer, you can get an override into a summer course with less than a 2.50 or without being admitted to your major on the contingency that you will meet the requirements for the course at the end of the spring semester. Call the department that offers the course if you need such an override.

Transfer summer units

If you are interested in taking only summer courses to transfer to another institution, apply for admission as a "special - no credentials" (SPNC) student through the Admissions Office. After admission, send an unofficial copy of your transcript to the assistant dean at undergradbus@uww.edu along with your request to register for a specific business course.

For a complete listing of summer courses offered, visit the schedule of classes through the Registrar's Office.

The screenshot shows the WINS student portal for Sue Warhawk. The interface includes sections for Academics, Personal Information, Holds, To Do List, Enrollment Dates, and Advisor. Callout boxes provide the following information:

- Academics:** Links for "My Class Schedule" and "Shopping Cart" lead to class schedules and enrollment access. A message states "You are not enrolled in classes." A dropdown menu labeled "other academic..." provides access to the Academic Advising Report, grades, and course history.
- Holds:** A message indicates that a "Terms and Conditions" hold is present every semester, with instructions to click "details" for more information.
- Personal Information:** A "Contact Information" section lists home and mailing addresses and phone numbers.
- To Do List:** Lists tasks such as "Admitted w/No ACT/SAT Scores" and "Housing Clarification Required".
- Enrollment Dates:** A link for "Open Enrollment Dates" indicates when the student is eligible to register for the next term.
- Advisor:** Lists "Program Advisor" Pamela Tanner and Jessica Cole. A "details" link provides more information about the academic adviser.

Two semesters before you plan to graduate, you should schedule a graduation review with your assigned faculty adviser. You should review the graduation requirements checklist and the AAR. If anything is still bold on your AAR, be sure you understand why. Remember, ultimately, you have the responsibility to meet all requirements. **NOTE: If you are repeating a course in your last two semesters, identify that course to your adviser. Some repeated courses may be counted twice on the AAR until later in the semester. This can affect your unit totals.**

Follow up on any course substitutions or other changes to the AAR that have been approved by your department. Check your AAR online and work with your department office.

You should apply to graduate at least one full semester prior to your final term so your academic record can be checked and any problems resolved in time for you to graduate. It is important that your entire academic record is reviewed prior to the final term of enrollment. **Apply online at www.uww.edu/registrar/graduation/apply-for-graduation.** Make sure that your address information is correct so that you will receive all important information from the graduation examiner. Read your mail and university email. Respond immediately to any requests for information. If you have questions after meeting with your adviser and/or department chair of your major, contact the assistant dean in Hyland Hall 4300 or at undergradbus@uww.edu.

After graduation, you can request a refund of the \$100 tuition deposit that you made in your first term of enrollment. The request form is available at www.uww.edu/adminaffairs/sfs/forms/refund.pdf and must be submitted within one year of separation from UW-Whitewater or the money will be deposited into a scholarship account.

Graduation requirements checklist

- My degree is _____
- My major is _____
- My major GPA is _____
- My major does/does not require a minor (circle one)
- My minor (or 2nd major) is _____ (If required)
- I know I will graduate because I have:
 - Completed a minimum of 120 units
 - Use the requirement in the Academic Advising Report, not the transcript, to verify your units for graduation.
 - Fulfilled residence requirements
 - Completed a minimum of 30 units at UW-Whitewater, with 15 units taken immediately prior to graduation.
 - At least 75 percent of my major course units completed at UW-Whitewater. (For minor requirement, see your adviser.)
- Met my business major GPA requirements for my cumulative areas:
 - 2.5 minimum combined GPA in all UW-Whitewater courses
 - 2.5 minimum combined GPA in all combined business courses
 - 2.5 minimum combined GPA in all business major specific courses
- Completed communication and calculation requirements.
- Completed university requirements for General Education course work with a total of 32 units.
- Completed the U.S. Racial/Ethnic Diversity course requirement.
- Completed the requirements for my degree (BBA).
- Completed the requirements for my major. (including total units and GPA)
- Completed community service requirement.
- Applied for graduation on the Registrar's website.

Frequently asked questions

Getting started

What's the first step in getting admitted?

If you are a new traditional student or transfer student, begin the process with the Admissions Office. Visit its website at www.uww.edu/admissions

I am an online student. What is the first step in getting admitted?

Begin by emailing our advisers at onlinebba@uww.edu for information.

I'm from another school. How can I register for just a class or two that I want to transfer back to my current school?

Apply through the Admissions Office as a "special" (SPNC) student. After admission, send unofficial copies of your transcripts to the assistant dean at undergradbus@uww.edu.

How do I start taking courses for a second degree or major?

For questions prior to admission, contact the assistant dean at undergradbus@uww.edu. When you are ready, apply through the Admissions Office as a "special"(SPFC) student.

May I complete a degree by taking only evening classes?

Yes, we offer the general business major through evening courses. For more information, contact the assistant dean at undergradbus@uww.edu.

Do I apply for admission to the College of Business and Economics at the same time that I apply to the university?

No. You would apply online when you have completed at least 54 units, a combined GPA of 2.8 and are enrolled in or have completed the final unique and lower division business courses.

Registration questions

What is a hold?

If you look at your WINS home screen, you will see a box labeled "Holds." Most holds prevent you from registering for classes. If one of the holds is for advising, you must be advised prior to registering. Contact your adviser if you have questions.

What is an override?

An override is permission to register for a course that WINS will not allow you to add on your own. You would contact the department that offers the course you want/need to find out if an override can be entered for you.

A class or a specific section of a class is full that I want/need to add. Is there any way I can still enroll in it?

Go to the department of the class and request permission to add a closed class. If possible, you will get a permission slip from the department assistant. You will have a few days to add the class in WINS. Otherwise, wait for an opening or ask if they will be setting up another section.

How do I get permission to take more than 18 units in a semester?

Begin the approval process by completing the overload request form in Hyland Hall 4300 or sending an email message to the assistant dean at undergradbus@uww.edu with your request, which should include the total number of units you want to take in the coming semester, your reason for wanting them, and your student ID number.

May I audit a business class?

Business classes cannot be audited.

Can I take a business class on a satisfactory/no credit (S/NC) basis?

All business courses must be taken for a grade unless they are only offered S/NC.

Why doesn't WINS let me add a class?

Check the error message:

FINANCIAL HOLD: Contact the Cashier's Office at 262-472-1378.

PREREQ ERROR: Means a requirement that must be satisfied before registering for the course.

However, if you're:

- A transfer student, you may need an override
- Repeating a business course, you may need an override

REPEAT ERROR: Means that you're taking a course that you have already completed or are taking an equivalent course for which credit cannot be earned because the content overlaps with the specified course.

ADVISING HOLD: Contact your adviser to set up a meeting.

TERMS AND CONDITIONS HOLD: Follow the link in WINS to accept the terms and conditions.

You must do this before you will be allowed to register.

Advising questions

What is an Academic Advising Report? Where do I find it?

Your Academic Advising Report (AAR) is the official document which shows your degree requirements and your progress toward meeting them. It is extremely important and should be taken to all advising meetings. The AAR is available to you from your WINS home page. In the drop-down box, choose "Advisement Report." This will lead you to your AAR.

How do I find out who my adviser is?

Your adviser's name is on your WINS student center in the box labeled "Adviser." If there is no name, contact the assistant dean's office at 262-472-4900.

I can't connect with my adviser. What should I do?

During the regular academic year, you should check the adviser's posted office hours. If you have class during those times, call or send an email to your adviser to set up an appointment. If your adviser does not respond, contact the department office to inquire about a meeting with the department chair.

Can I have a business minor?

The only business minors available to business majors are economics, water business, information technology, business data analytics and international business.

I have a minor in business; who can I get to advise me?

The chairperson of the department of your minor is your adviser. If the minor is general business, visit or contact the CoBE advising office in Hyland 4302.

Can I test out of a class and how do I do it?

Call the Testing Center at **262-472-5613** to find out which classes have tests that are available and to set up an appointment.

How do I change my major?

For information on selecting or changing your major, [see page 14](#).

How do I apply for graduation?

You will find the forms and process outlined on the Registrar's website at www.uww.edu/registrar.

Frequently asked questions

How do I apply for admission to upper division business courses?

When you are projected to have completed 54 or more units at the end of the current semester, you will receive information about registration information meetings.

What are the requirements to take upper division business courses?

Business majors are required to be admitted to the upper division courses and have at least a 2.50 grade-point average. [See specific requirements on page 16.](#)

What are the requirements to take business classes?

In addition to specific course prerequisites listed in the schedule of classes, business majors are required to have a 2.50 GPA and 24 units to take lower division business courses. To take 300- and 400-level business courses, business majors must be admitted to the upper division business courses, have a 2.50 GPA, and meet specific course prerequisites listed in the schedule of classes.

How can I tell which courses can be used for General Education categories?

The easiest way is to use the schedule of classes (www.uww.edu/registrar/schedule-of-classes). In addition to listing the semester courses with descriptions and prerequisites, the schedule of classes has sections called "special versions" that list courses by General Education designation, Web-based classes, night classes and more.

Where do I find forms for late adding classes, late dropping classes, applying for graduation, third-attempt repeats, etc.?

You can find all of these forms on the Registrar's website at www.uww.edu/registrar.

Am I required to have a minor?

Business majors are not required to have minors.

How do I get an internship?

Each business department has an internship coordinator (www.uww.edu/cobe/undergrad/internships), and you may also work with the Career and Leadership Development office in the University Center. In order to receive credit for the internship, you must be admitted to upper division business courses.

How does study abroad work?

The first step is to make an appointment to meet with the outbound student coordinator in the Center for Global Education in Hyland Hall 1227. You will receive a checklist to follow from the coordinator.

Who do I contact if my transfer units didn't transfer as I expected?

Contact the assistant dean either via email (undergradbus@uww.edu) or by appointment. Call 262-472-4900 to set up an appointment time. You will need to provide at least a course description of the course you took, and preferably a syllabus. Business courses taken at two-year schools are not transferable as junior- or senior-level courses.

Who is a special student?

There are two kinds of students whom we designate as special students:

- SPNC (special students without credentials) are students who wish to enroll for six units or less in any term and are not seeking a degree from UW-Whitewater.
- SPFC (special students with credentials) are students who have a conferred bachelor's degree and wish to enroll for undergraduate courses only.

What happens if I am placed on probation or am academically dismissed?

Students who are on probation or dismissed should review campus policies and deadlines at the Academic Standards website, www.uww.edu/academicstandards. Questions or appeals should be directed to acadstand@uww.edu. Students should also work with their academic adviser to understand ways of improving their academic progress.

What is the community service requirement?

All business majors are required to document 20 hours of community service prior to enrolling in a senior-level capstone course called MANGEMNT 489. [Details of the requirement and reporting process are on page 5.](#)

Where I can find opportunities to perform community service?

The Career and Leadership Development office provides a clearinghouse of volunteer opportunities in the area. Visit their website to learn more: my.uww.edu/clearinghouse/index.aspx.

How can I reach the dean of the College of Business and Economics?

You can call the dean's office at 262-472-1343.

How can I find contact information for my instructors, advisers and others in the college?

You can use the online staff directory at <http://wp.uww.edu> for contact information.

Can I take business classes online?

We have online undergraduate and graduate programs. For more information, go to www.uww.edu/CoBE/onlinebba. For the graduate MBA program, go to www.uww.edu/CoBE/onlinemba.

How do I apply for graduate school?

Begin by asking for information from the associate dean's office in Hyland Hall 4300, or at 262-472-1945.

How do I appeal a final grade?

You can find the policy for grade appeals and other useful information in the Student Handbook at www.uww.edu/handbook/student.
