

Teacher Performance Assessment Analysis Activity

<p>What are candidates asked to do? In what ways does this look familiar or align with our own assignments, assessments, course activities and field experience expectations?</p>	<p>What is new/different? What might challenge our students? How would this challenge provide added value in their preparation?</p>
<p>Which valued program outcomes are left out (or treated superficially) and need to be considered in ESAs?</p>	<p>Questions?</p>
