Marriage and Family Therapy Training License (LMFT-IT)

A marriage and family therapy training license allows a person to use the title “**Marriage and Family Therapist**” while acquiring the supervised experience required for licensure. You must possess a training license in order to practice marriage and family therapy until you are licensed as a Marriage and Family Therapist. Per Wis. Admin. Code § MPSW 16.03, only those individuals who hold a valid **marriage and family therapist training license** may begin accumulating hours towards their post-graduate supervised practice requirements.

A marriage and family therapy training license is valid for 48 months and may be renewed at the discretion of the Marriage and Family Therapist Section. The holder of a marriage and family therapist training license may use the title “**Marriage and Family Therapist**” and may practice marriage and family therapy within the scope of his or her training or supervision during the period in which the certificate is valid.
