

Apple Mac Profile Removal

Locate the “Systems Preferences” icon in your dock as pictured in the image labeled Figure 1. Click on the icon to open the System Preferences window.

Next locate the “Profiles” option as shown in the image Figure 2 and click it.

Figure 1

Locate the profile name UWW WiFi Cert Staff or UWW WiFi Cert Student as shown in Figure 3 and select it. Then click the “-” button also shown in Figure 3 to delete the profile.

You will be prompted if you are sure you want to remove the profile, select “Remove” as shown in Figure 4.

Once deleted you can connect to UWWGuestAndSetup or uww-wifi to re-provision your device.
