LEAP Action Plan
Information Literacy

LEAP Workshop Year: 2013 **Action dates:** 2013-2014	**For more information, contact:** Martha Stephenson, x4366, stephenm@uww.edu
Martha Stephenson	Reference & Instruction Librarian, Library
Maija Birenbaum	English Professor, Languages and Lit. Dept.
Emily Paulson	Student
Renee Pfeifer-Luckett	Learning Technology Center
Asmahan Sallah	English Professor, Languages and Lit. Dept.
Diana Shull	Reference & Instruction Librarian, Library

General Goal:
1. Improve the research and writing skill levels of UW-Whitewater students
2. Create lasting, point-of-need, interactive, appealing, and evidenced-based online instructional tutorials.

Planned Actions:
1. Seek input and feedback from stakeholders
2. Create list of modules and learning outcomes
3. Determine and adapt appropriate information literacy rubric for assessment
4. Explore software and media possibilities for module production
5. Develop module pathway for consistent look and feel
6. Develop tour modules
7. Get IRB approval
8. Pilot modules with English 102 classes
9. Tweak modules
10. Full module rollout
11. Begin data collection

Deliverables, Completed Actions:
1. Seek input and feedback from stakeholders
   RESULT:
   - Achieved buy-in from Reference and Instruction Librarians and continually received quality input and feedback from them
   - Presented action plan at Languages and Literatures department meeting and requested feedback, and continue to liaise with them
   - Discussed with English 102 students, library student employees, and other students

2. Create list of modules and learning outcomes
   RESULT: Matrix relating modules and learning outcomes was completed

3. Determine and adapt appropriate information literacy rubric for assessment
   RESULT: Evaluated and adopted information literacy rubric for assessment. (See Appendix A.)

4. Explore software and media possibilities for module production
   RESULT: Chose D2L and CSCR.

5. Develop module pathway on CSCR for consistent look and feel
   RESULTS: Done

6. Develop tour modules
   RESULT:
   - Module 1-introduction and pre-assessment
     a. Introductory video done
     b. Need to write pre-assessment
     c. Need to load into CSCR
   - Module 2-Tour
     a. Tour recorded, needs to be compiled
     b. Need to write quiz questions
     c. Need to load into CSCR
   - Module 3-Search Tips
     a. Done
   - Module 4-Library Databases
     a. Content selected
     b. Quiz questions started
     c. Need to load into CSCR
   - Module 5-Research@UWW
     a. Content selected
     b. Need to write quiz questions
     c. Need to load into CSCR
   - Module 6-Anatomy of a Scholarly Article
     a. Done
   - Module 7-Annotated Bibliography
     a. Content selected
     b. Need to write quiz questions
     c. Need to load into CSCR
   - Module 8-Plagiarism
     a. Done.
   - Module 9-Post-test
     a. Cannot be completed until modules 2-8 are done

7. Get IRB approval
   RESULTS: Not completed

8. Pilot modules with English 102 classes
   RESULTS: In process

9. Tweak modules
   RESULTS: Not started

10. Full module rollout
    RESULTS: Not started

11. Begin data collection
    RESULTS: Not started

Notes:
Joshua Mabie, Languages and Literatures professor, and Joan Schrank, classified staff, were also on our team, but left early for various reasons. In spring 2014, Prof. Asmahan Sallah was added to the team to replace Prof. Mabie.
