Digital Hub Engineers
LEAP Action Summary

LEAP Workshop Year: 2015

For more information, contact:

Action Dates: 2015-2016

Asmahan Sallah   Languages & Literature
Ellen Buchert   English Major
Elena Levy-Navarro   Languages & Literature
Elizabeth Simpson   Learning Technology Center

General Goal:

Developing an engaging and easily accessible resource of past LEAP projects. This will be done through the digitization of past LEAP project reports and communicating with past teams to assess impact of the projects. Along with creating this resource, we will also identify trends and gaps of past projects.

Planned Actions:

Spring 2015 Actions:

- Completed
  - Contact Greg Cook, Becky Pfeiffer, and Dale Splinter to get electronic copies of the reports from previous years of LEAP.
  - Get permission to alter web site from stakeholders (students and Greg).
  - Meet with web-manager to determine web options and the process for creating this database.
  - Create hub website
  - Classify past projects into categories

Summer 2015 Goal:

- Load text of past projects into hub—moving from PDF to HTML5
- Edit and refine categories and titles
- Edit and refine existing text

Fall 2015/Spring 2016 Goal:

- Assess gaps in existing projects
- Contact past teams to:
  - Solicit interviews with teams of past projects
  - Discuss impact of past projects
  - Add additional resources to project website
- Publish website

Deliverables, Completed Actions:

- Thing one

- Add completed actions as necessary

Notes:

Teams, add any special notes here.
