

HIGHER EDUCATION

AS SEEN THROUGH OTHER LENSES

Tuesday, March 9th

12:30-1:30 UC 275A

Lunch Provided

Jim Winship, Department of Social Work, recently attended an international conference, "The University in 2010" in Cuba at which the Ministers of Higher Education of Spain, Russia, and China spoke. There were presenters and attendees from four continents.

The contexts are different, and many of the issues we face here—increasing access and maintaining/improving quality, making on-line education work, the growth of for-profit universities—were discussed at the conference from distinct national perspectives.

In this lunch-hour program, Jim Winship will share his experiences and thoughts from the conference, followed by discussion.
