Material Safety Data Sheet

3.0 Hazard Identification

The preparation is not classified according to EU Directive 1999/45/EC

Routes of Exposure Inhalation, ingestion, skin and eyes.

Acute Health Hazards

Inhalation: Minimal respiratory tract irritation may occur with exposure to large amount of toner dust.

Ingestion: Ingestion is not applicable route of entry for intended use.

Skin: Unlikely to cause skin irritation

Eyes: May cause eye irritation.

Chronic Health Hazards Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Carcinogenicity Refer to section 11.

4.0 First Aid Measures

Inhalation: Move person to fresh air immediately. If symptoms occur, consult a physician.

Ingestion: Dilute stomach contents with several glasses of water. Get medical attention if symptoms persist.

Skin: Wash affected areas thoroughly with soap and water. If irritation persists, consult a physician,

Eyes: Immediately flush with large amounts of clean, lukewarm water (low pressure) for at least 15 minutes. If irritation persists, consult a physician.

5.0 Fire Fighting Measures

Extinguishing media CO₂, water, dry chemical

Unsuitable Extinguishing Media None known

Special Firefighting Procedures None

Unusual fire and explosion hazards Toner material, like most organic material in powder form, is capable of creating a dust explosion.

Material Safety Data Sheet

6.0 Accidental release measures

Spill or leak procedures Wear personal protective equipment as described in Section 8. Avoid breathing dust. Minimize the release of particles. Vacuum or sweep the material into a bag or other sealed container. If a vacuum is used, the motor must be rated as dust tight. Dispose of waste toner in accordance with local requirements.

Environmental precautions Do not discharge into drains (See also section 13 Disposal Considerations).

7.0 Handling and Storage

Advise on safe handling and protection against fire Keep material out of reach of children. Avoid inhalation of dust and contact with eyes. Keep away from excessive heat, sparks, and open flames.

Requirements for storage rooms and advise on storage compatibility Keep out of the reach of children. Keep container closed and store at room temperature. Keep away from strong oxidizers.
