Advance Cleaning Products, Inc.

3841 W. Wisconsin Ave.

Milwaukee, WI 53208

Product name: **Misto**

Product code: **0701**

Date Of Preparation: 6-30-97

By: Mark Halaska

Replaces: 11-1-95

HMIS NFPA

Health	1	1
Flammability	1	1
Reactivity	0	0

AUG 24 2000

Section II - Hazardous Ingredient

CAS Number	Chemical Component	%	TLV (ppm)	Hazard Data
64741-44-2	Mineral Seal Oil	100	TWA400	Acute Health Chronic Health

Section III - Physical Data

Solid: Liquid: **X**
 Appearance: Colorless to light yellow
 Specific Gravity: 0.82 Odor: mint acetate
 Solubility in water: Insoluble
 % Volatiles: N/A

Section IV - Fire and Explosive Data

Flash Point: >255°F (PMCC) Flammable Limits - lfl: 1 ufl: 6

Extinguishing Media: CO₂, Dry Chemical, Foam
 Special Fire Hazards and Equipment Required: Firefighters should wear self-contained breathing apparatus and impervious clothing.

Section V - Reactive Hazards

Product		Hazardous	will not
Stable: No Yes X		Polymerization:	occur

Conditions to avoid: Extreme heat, open flame
 Incompatibility: Strong oxidizers, store as OSHA Class III B Combustible Liquid
 Hazardous Decomposition Products: CO, CO₂

Section VI - Health Hazards

Eyes: irritation
 Skin: irritation
 Ingestion: dizziness, drowsiness, narcosis
 Inhalation: pneumonitis

Principal Routes of Exposure: topical
 Acute effects of Overexposure: See above
 Effects of Chronic Exposure: General irritation. Symptoms of impaired pulmonary function.

First Aid Procedure - Never give fluids or induce vomiting if patient is unconscious or having convulsions. CALL A PHYSICIAN

Eyes: Immediately flush with large amounts of cool water for 15 minutes, holding lids apart. Call a physician immediately.

Skin: Flush affected area promptly with plenty of cool water. Remove contaminated clothing and clean before reuse. Discard contaminated footwear. If irritation persists call a physician

Ingestion: **DO NOT INDUCE VOMITING.** Call a physician immediately.

Inhalation: Remove victim to fresh air. If breathing has stopped, resuscitate and administer oxygen. Call a physician immediately.

Section VII - Normal Handling Procedures

Precautions to be taken in Handling and Storage: Store in a secure, cool, dry area. Keep container tightly closed when not in use. Store away from sparks or open flame.

Protective Equipment:

Eyes: Chemical goggles, face shield

Gloves: Rubber

Other: Rubber apron, boots, eye bath and safety shower

Ventilation Requirements: local exhaust ventilation

Corrosive Action on Materials: mild

Section VIII - Spill or Leak Control Procedures

Steps to be taken in case of spills: Wear protective equipment (See Sec. VII) Stop leak. Contain spill. Remove all sources of ignition. Ventilate area. Collect and store in labelled approved drums for disposal.

Waste disposal methods: Contact local environmental authorities.

The above information is believed to be accurate and discloses the known hazards for this product as of this date. No additional warranties are made.
