Multi-Clean®
Bro-Go

Eliminates carpet browning

BRO-GO is a mild acid product that removes browning or yellow discoloration from rugs and some upholstery. Browning occurs when the carpet has been oversaturated with water or there is an excessive buildup of old shampoo.

Because of its mild acid character, BRO-GO neutralizes the alkalinity in the carpet caused by residual shampoo and hard water ingredients. BRO-GO is also effective as a spotter on fresh urine stains. It will also control salt track marks during the winter months.
