

Evaluation Report for Program Review Face to Face Meeting University of Wisconsin-Whitewater: Special Education (BSE) Majors and Minors, 2025-2026

Overview of review team evaluation, program comments:

This program received a “continuation without qualification” result from the program review committee. Based on this result, the program chose not to meet for the face-to-face meeting and instead will review the results provided within the Department.

Recommended Actions:

Recommended Action #1

Use more course-based assessments to monitor student performance with respect to the SLOs (in place of some of the clinical evaluations) to obtain data that demonstrates a span of student performance, and not only that students reach the identified benchmark by the end of their clinical placements.

Recommended Action #2

Engage the advisory board in reviewing student learning data to identify and prioritize discrete skills within the program’s Student Learning Outcomes (SLOs) for targeted improvement.

Recommended Action #3

Carefully monitor enrollment in the various programs per semester to adjust course offerings as needed and anticipate staffing needs. Utilize Navigate to inform these decisions.

Recommended Result:

Continuation without qualification
