*Due to the small cohorts in some programs, we report out a 5-year average. Headcounts fewer than 10 are suppressed and displayed as an asterisk (*) to protect privacy. The years shown are the most recent available that allow us to accurately display 6-year graduation rates. For example, an individual in the Fall 2019 cohort who graduated within 4 academic years, would graduate by 2022-23, within 5 years by 2023-24, and within 6 years by 2024-25.

Notes: Graduation rates are calculated from a student's first major upon entry to the institution, regardless of major changes thereafter. Additional definitions are available in the IRAP Glossary at http://www.uww.edu/irap
