- For ELECTIVE, GL/GM, DV, INTERNATIONAL, PHYSICAL SCIENCE course options: <http://www.uww.edu/aaec/classes>

Questions to ask at advise meeting:

- 1)
- 2)

****Information below will be discussed during Advise meeting****

My Enrollment Appt on WINS is:

Date: _____

Time: _____

To view your COURSE RECOMMENDATIONS:

LOG INTO WINS – STUDENT CENTER

CLICK “MY ACADEMICS” (LOCATED UNDER THE ACADEMICS HEADING)

CLICK “UW-W ADVISOR RECOMMENDATIONS” (THIRD OPTION FROM THE TOP)

Exploring Your Major

Everyone's journey in deciding a major is different. No matter where you are in your exploration journey, there are steps you can take to help you discover what major or career path will be best for you. Below are three categories students often find themselves. Pick which category fits your situation best and take some steps in your major exploration journey!

I have little to no idea what major to declare.

- Use CareerLocker assessments to link you to possible majors & occupations**
<https://careerlocker.wisc.edu/> | username: uw-w net-id & password: warhawk
- Use the UW-Whitewater online list of major & minors or pages 6-7 in Window to UW-Whitewater to help narrow it down** uww.edu/academics/departments-and-majors
- Meet with the AAEC's Exploration Graduate Assistant to develop a personalized exploration plan**
Academic Advising & Exploration Center - Roseman 2054 | 262-472-4646
- Talk with your family or close friends to see if they can suggest majors for you to explore**

I have it narrowed down to a couple of different majors.

- Interview a faculty member or Department Chair in your interest areas**
UW-Whitewater Campus Director - wp.uww.edu
- Visit or get involved in student organizations in your interest areas**
ConnectUWW - orgsync.com/login/university-of-wisconsin-whitewater
- Use "What can I do with this Major" website to explore further**
whatcanidowiththismajor.com/major
- Take an introductory course in one or two of your major interest areas**
Speak with an academic advisor to discuss your options

I have a declared major.

- Join a student organization connected to your major**
ConnectUWW - orgsync.com/login/university-of-wisconsin-whitewater
- Attend a job fair or participate in an internship**
http://connectuww.orgsync.com/What_is_an_Internship
- Visit a Career Counselor to start building your resume**
Career & Leadership Development - UC 146 | 262-472-1471
- Shadow or interview someone working within your desired career field**

Each of the steps listed are great for any student to do, no matter where you are in the exploration journey. Be open to new opportunities and feel free to explore steps outside of your current "exploration category"!
